

Hillsboro TEXAS

RESIDENTIAL BUILDING PERMIT APPLICATION RE-LEVELING EXISTING PIERS ONLY

APPLICATION DATE: _____

NOTE: *This application and permit are only for re-leveling existing structures, block and shim method. Replacement of existing piers or addition of new piers over 25% of the structure will constitute foundation repair or replacement and will require an engineered design to be submitted for plan review and approval and a Foundation Permit for compliance with the 2003 International Residential Code. Pouring new concrete footings or piers will require a Foundation Permit and 2003 IRC compliance, as will any other type of foundation repair or replacement.* Residents may pull permits for work they are doing themselves. If a contractor is used, the contractor will need to pull the permits.
