Article 1 General Provisions

SECTION 1.1 TITLE

This Ordinance shall be known and may be cited and referred to as the Zoning Ordinance of the City of Hillsboro, Texas, which includes narrative regulations and map.

SECTION 1.2 ADOPTION OF STATUTES AUTHORIZING ZONING ORDINANCES

The Statutes of the State authorize and empower cities to divide the municipality into districts of such numbers, shapes and areas as may be deemed best suited to carry out the purposes set out in such statutes, and within such districts to regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land, the same being the Texas Local Government Code, Section 211 are hereby adopted for and on behalf of the City. The City, acting through its duly authorized officials, shall have all of the rights, powers, privileges and authority authorized and granted by and through such statutes. In addition to the above, the Statutes of the State authorize and empower cities to zone their cities and regulate and restrict the following:

- height, number of stories, and size of buildings and other structures;
- the percentage of lots that may be occupied;
the size of yards, courts, and other open spaces;
- the density of population;
- the location and use of buildings, other structures, and land for business, industrial, residential or other purposes;
- the pumping, extraction and use of groundwater by others than retail public utilities; and
- in the case of designated places and areas of historical, cultural or architectural importance and significance, to regulate the construction, alteration, reconstruction or raising of buildings and other structures.

SECTION 1.3 PURPOSE

The zoning regulations and districts as herein established have been made for the purpose of promoting the health, safety, morals, and general welfare of the community, and for the protection and preservation of places and areas of historical and cultural importance and significance. The zoning regulations and districts have been made in accordance with a comprehensive plan and are designed to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to provide adequate light and air; to prevent the overcrowding of lands; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewage, schools, parks and other public requirements. The zoning regulations and districts have been made with reasonable consideration of the character of the district and its peculiar suitability for the particular uses, and with a view of conserving the value of building and encouraging the most appropriate use of land throughout the community.

SECTION 1.4 ZONING DISTRICT ESTABLISHMENT

1.4.1 ENUMERATION

In order to uniformly regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land, the City of Hillsboro is hereby divided into the following districts or classifications.

AR-1	Agricultural-Residential
SF-30	Single Family Residential
SF-9	Single Family Residential
SF-7	Single Family Residential
SF-5	Single Family Residential
ZLL	Zero Lot Line Single Family Residential
R-2	Two-Family Residential (Duplex)
MF-12	Multiple Family Residential - Medium Density
MF-29	Multiple Family Residential - High Density
MH	HUD Code Manufactured Housing
NC	Neighborhood Commercial
RNC	Restricted Neighborhood Commercial
OP	Office Professional
CBD	Central Business District
C	Commercial
I-1	Light Industrial
I-2	Heavy Industrial

1.4.2 ZONING DISTRICT MAP ADOPTED

The Official Zoning Map of the City of Hillsboro, dated 2007 is hereby adopted. The boundaries of the various districts as enumerated in *Section 1.4* are hereby established as identified on said map which is incorporated into and made a part of this Article.

1.4.3 ZONING DISTRICT MAP INTERPRETATION

In interpreting the official Zoning Map, the following rules shall apply:

- A. Where the district designated on the Zoning Map is bounded approximately by a street or alley, center line of street or alley shall be construed as the boundary;
- B. Where the district designated on the Zoning Map is bounded approximately by lot lines, the lot lines shall be the boundary of the district;
- C. Distances not specifically indicated on the Zoning Map shall be determined by use of the scale appearing on the map;

- D. Boundaries indicated approximately following city limits shall be construed as following City limits;
- E. Boundaries indicated approximately following railroad lines shall be construed to be midway between the main tracks;
- F. Boundaries indicated as parallel to or extensions of features indicated in A through E above shall be so construed;
- G. Whenever any street, alley, or other public way is vacated by official action of the City Council, the zoning district line adjoining each side of the street, alley or other public way shall automatically extended to the centerline of the vacated street, alley or way, and all area so involved shall be subject to regulations of the extended districts;
- H. Any property on the Zoning Map which does not have a zoning district designation shall be classified as an AR-1, Agricultural Residential.
- I. Where physical or cultural features existing on the ground are at variance with those shown on the official zoning map, or when there arises a question as to how or whether a parcel of property is zoned and such question cannot be resolved by the application of subsections A through H, above, the property shall be considered as classified in the AR-1, Agricultural Residential and the issuance of a building permit and the determination of zoning shall be in accordance with the provisions provided in the *Section 1.5, Annexation Zoning Policy*.

1.4.4 DISTRICT BOUNDARY UNCERTAINTY

Where uncertainty exists with respect to the boundaries of the various districts as shown in the zoning map, the conflict shall be resolved by utilizing the appeal power of the Board of Adjustment as set forth in *Article 6, Section 6.50* of the Zoning Ordinance.

1.4.5 GENERAL RESTRICTIONS

Except as hereinafter provided, no land or building shall be used, and no building, structure or improvement shall be made, erected, constructed, moved, altered, enlarged or repaired, for any purpose or in any manner except in accordance with the requirements established in the district in which such land, building, structure, or improvement is located, and in accordance with the provisions of this Article.

1.4.6 RESIDENTIAL USE RESTRICTIONS

Whenever the specific district regulations permit residential uses of a more restricted district, such residential uses shall be subject to the conditions of the more restricted district, unless otherwise specifically stated.

1.5 ANNEXATION ZONING POLICY

All territory annexed to the City hereafter shall be permanently zoned by the City Council at the time of annexation. The procedure to establish zoning on annexed territory shall conform to the procedures established by law for the adoption of original zoning regulations.

1.6 ISSUANCE OF BUILDING PERMITS AND UTILITY SERVICE

A building permit for the construction of a building or structure upon any tract, parcel or premise shall not be issued, and public utilities shall not be extended or connected to a building or structure until the building site has been created by the land being a platted lot appearing on a plat properly approved by the City and filed in the records of the County Clerk of Hill County.

Each application for a building permit shall be accompanied by a site plan in duplicate drawn to scale, showing the actual dimensions of the lot to be built upon, the size, shape, proposed use and location of the building and or structure to be erected, and such other information as maybe necessary to provide for the enforcement of this Ordinance.

1.7 CERTIFICATE OF OCCUPANCY AND COMPLIANCE

Any existing building or structure shall not be changed in use, and any building or structure shall not be erected, enlarged or structurally altered after the effective date of this Section, unless a Certificate of Occupancy and Compliance have first been issued by the Community Development Director of the City of Hillsboro certifying that the building and the proposed use of the building and premises comply with all building and fire codes and with the provisions of this Chapter.

1.8 CLASSIFICATION OF NEW AND UNLISTED USES

It is recognized that new types of land use will develop and forms of land-use not presently anticipated may seek to locate in the City of Hillsboro. In order to provide for such changes and contingencies, a determination as to the appropriate classification of any new or unlisted form of land use shall be made as follows:

- A. The Community Development Director or designee shall refer the question concerning any new or unlisted use to the Planning and Zoning Commission requesting an interpretation as to the zoning classification into which such use should be placed. The referral of the use interpretation question shall be accompanied by a statement of facts listing the nature of the use and whether it involves dwelling activity, sales, processing, type of product, storage, employment, transportation requirements, the amount of noise, odor, fumes, dust, toxic material, and vibration likely to be generated and the general requirements for public utilities such as water and sanitary sewer;
- B. The Planning and Zoning Commission shall consider the nature and described performance of the proposed use and its compatibility with the uses permitted in the various districts, and after a public hearing, determine the zoning district or districts within which such use is most similar and should be permitted; and
- C. The Planning and Zoning Commission shall transmit its findings and recommendations to the City Council as to the classification proposed for any new or unlisted use. The City Council shall follow the same procedures as outlined in *Section 1.10*, Authority to Amend Ordinance, including public notice and hearing requirements, when considering any zoning classification for a new or unlisted use.

1.9 APPLICATION OF DISTRICT REGULATIONS

1.9.1 CONFORMANCE REQUIRED

No building, structure, or land shall hereafter be used or occupied, and no building or structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered unless in conformity with all of the regulations herein specified for the district in which it is located.

1.9.2 PROVISIONS OF ORDINANCE ARE MINIMUM REQUIREMENTS

In their interpretation and application, the provisions of this ordinance shall be construed to be the minimum requirements for the promotion of the public health, safety, convenience, comfort, morals and general welfare. Wherever this ordinance imposes a greater restriction than imposed by other ordinances, laws, or regulations, the provisions of this ordinance shall govern.

1.9.3 PLATTING OF PROPERTY NOT PROPERLY ZONED

No plat shall be approved until the area covered by the proposed plat is zoned to the proper zoning classification by the City Council, upon recommendation from the Planning and Zoning Commission.

1.10 AUTHORITY TO AMEND ORDINANCE

The City Council may from time to time, after public hearings required by law, amend, supplement, or change the regulations herein provided or the classification or boundaries of the zoning districts. Any amendment, supplement, or change to the text of the Zoning Ordinance and any change in the classification or boundaries of the zoning districts may be ordered for consideration by the City Council, may be initiated by the Planning and Zoning Commission, the City Council, or may be requested by the owner of the affected real property or the authorized representative of an owner of affected real property.

1.10.1 PUBLIC HEARING AND NOTICE

- A. Upon filing of an application for an amendment to the zoning ordinance and/or map, the Planning and Zoning Commission shall call one (1) public hearings on said application.
- B. Written notice of each public hearing shall be sent to the owner of the property or his agent and to all owners of real property lying within two hundred (200) feet of the property on which the change in classification is proposed, such notice to be given not less than ten (10) days before the date of such hearing, to all owners who have rendered their said property for City taxes as the ownership appears on the last approved City tax roll. Such notice may be served by depositing the same, properly addressed and postage paid, in the U.S. mail. Where property lying within two hundred (200) feet of the property proposed to be changed is located in territory which was annexed to the City after the final date for making the renditions which are included on the last approved City tax roll, notice to such owners shall be given by one publication in the official newspaper at least fifteen (15) days before the time of the hearing. Failure of owners to receive notice of hearing shall in no way affect the validity of the action taken.
- C. If, at the conclusion of the hearings, the Planning and Zoning Commission recommends amendment of this ordinance to the City Council, said recommendation by resolution of the Planning and Zoning Commission shall be carded by the affirmative votes of not less

than a majority of its total membership present and voting. A copy of any recommended amendment shall be submitted to the City Council and shall be accompanied by a report of findings, summary of hearing and any other pertinent data.

- D. If, after the public hearings, the Planning and Zoning Commission recommends denial of an application, the applicant may appeal said determination to the City Council by filing a written notice of appeal with the City Secretary within ten (10) days after the determination of the Planning and Zoning Commission.
- E. The Planning and Zoning Commission may recommend denial of an application with or without prejudice against the applicant to refile the application. If the Commission recommends denial of the application and fails to clearly state the same is being denied with prejudice, then it shall be deemed that said application is being recommended for denial without prejudice against refiling. If it is later determined by the Commission that there has been a sufficient change in circumstances regarding the property or in the zoning application itself, it may waive the waiting period and grant a new hearing.

1.10.2 CHANGES IN ZONING REGULATIONS

Amendments to the Zoning Ordinance not involving a particular property but involving change in the zoning regulations generally do not require notice to individual property owners. In such cases, notice of the required public hearing shall be given by publication in the official newspaper of the city, stating the time and location of the public hearing, which time shall not be earlier than fifteen (15) days from the date of such publication.

1.10.3 ACTION OF THE CITY COUNCIL

- A. If the Planning and Zoning Commission has recommended to the City Council that a proposed amendment be disapproved, the City Council may refuse to adopt the amendment by a simple majority vote of the Council members present and voting. However, in order to adopt the amendment which has been recommended for disapproval by the Planning and Zoning Commission, the amendment shall not become effective except by the favorable vote of three fourths (3/4) of all members of the City Council of the City of Hillsboro present and voting.
- B. When the Planning and Zoning Commission has recommended to the City Council that a proposed amendment be approved, the City Council may disapprove the petition or application for amendment by a simple majority vote of the City Council members present and voting. In the event of a tie vote of the City Council members present and voting, the Mayor may cast the deciding vote.
- C. In the case of a protest against an amendment to the ordinance signed by the owners of twenty percent (20%) or more either of the area of the lots or land immediately adjoining the area included in the proposed change and extending two hundred (200) feet from that area, such amendment shall not become effective except by the favorable vote of three-fourths (3/4) of all members of the City Council of the City of Hillsboro.
- D. In making its its determination, the City Council shall consider the following factors:
 - a. whether the proposed change is in accord with any existing or proposed plans for

providing public schools, streets, water supply, sanitary sewers and other utilities to the area and shall note the findings;

- b. the amount of vacant land currently classified for similar development in the vicinity and elsewhere in the city, and any special circumstances which may make a substantial part of such vacant land unsuitable for development;
 - c. the recent rate at which land is being developed in the same zoning classification as the request, particularly in the vicinity of the proposed changes;
 - d. the manner in which other areas designated for similar development will be, or are likely to be, affected if the proposed amendment is approved, and whether such designation for other areas should also be modified; and
 - e. any other factors which will substantially affect the public health, safety, morals or general welfare.
- E. In considering a motion to deny a zoning application, or upon voting to deny a zoning application, the City Council shall further consider whether said application shall be denied with or without prejudice against refiling. If the City Council shall deny the application and fail to clearly state the same is being denied with prejudice, then it shall be deemed that said application is being denied without prejudice against refiling. If an application is denied with prejudice, no application may be filed for all or part of the subject tract of land for a period of one (1) year from the date of denial by the City Council. If it is determined by the Planning and Zoning Commission that there has been a sufficient change in circumstances regarding the property or in the zoning application itself, it may waive the waiting period and grant a new hearing.

1.10.4 EFFECT OF DENIAL OF APPLICATION

In case the application for an amendment to the Zoning Ordinance is denied by the Planning and Zoning Commission, and no appeal therefrom is taken to the City Council, or in case an application for an amendment to the Zoning Ordinance is denied by the City Council, (in either of said events), said application shall not be eligible for reconsideration for one (1) year subsequent to such denial. A new application affecting or including all or part of the same property must be substantially different from the application denied, in the opinion of the Planning and Zoning Commission, to be eligible for consideration within one (1) year of the denial of the original application.

In the event of a reapplication affecting the same land is for a zone that will permit the same use of the property as that which would have been permitted under the denied application, the same shall not be considered to be substantially different from the application denied.

1.10.5 FINAL APPROVAL AND ORDINANCE ADOPTION

If the amending ordinance is not approved within six (6) months from the time of its original consideration, the zoning request, at the option of the City Council, may be recalled for a new public hearing.

Article 2 Permitted Uses

2.11 PERMITTED USE LEGEND AND TABLE

The following table presents the zoning district classifications and the permitted uses within those classifications. Uses are listed as being “Permitted”, permitted by “Specific Use Permit”, and prohibited as signified by blank cells.

 - b. the lot area used for mini-warehouse structures facing onto a public street shall not be greater than one hundred (100) feet in width including the access drive. The remainder of the lot devoted to the mini-warehouse use shall not face on any other public street; and
 - c. the boundary of the mini-warehouse complex shall be screened by walls or other devices from any adjoining use that, in the opinion of the Council, is incompatible with the mini-

warehouse use.

13. No outside storage permitted.
14. No trash dumpster shall be located within fifty (50) feet of a residentially zoned or developed property, or between the front of the main building and any street right-of-way.
15. No veterinary services shall be permitted.
16. Incidental parts, maintenance, and repair facilities shall be completely located within a enclosed building.
17. Must only be used for the display and sale of vehicles that are in condition to be driven on or off the lot.
18. No semi-trailer truck or tractor parking will be allowed adjacent to any residentially zoned or developed property.
19. No outdoor boarding of animals may be permitted if adjacent to residentially zoned or developed property.
20. No truck traffic shall be permitted between the hours of 10:00 PM and 7:00 AM for any property adjacent to residential land use.
21. No outside sales, service, or repair activities shall be allowed.
22. Caretaker, guard and servants residences, garage apartments and guest houses are limited to a maximum of five hundred (500) square feet.
23. Notwithstanding the district yard requirements, a gasoline service station pump island may not be located nearer than eighteen (18) feet to the front property line, and the outer edge of the canopy shall not be nearer than ten (10) feet to the front property line.
24. Automobile repairing, painting, upholstering and body and fender work shall be performed only under the following conditions.
 - b. all body and fender repairing shall be done within a completely enclosed building or room with stationary windows that may be opened only at intervals necessary for ingress and egress;
 - c. no spray painting may be done except in a building or room specially designed for that purpose; or
 - d. All other auto repairing, etc. shall be conducted within a building located enclosed on at least three (3) sides.
25. Removed in its entirety by Ordinance O2016-02-01
26. . Removed in its entirety by Ordinance O2016-02-01
27. Temporary batching facilities shall be permitted only upon the approval of a Special Use Permit and shall be incidental to and necessary for a construction site that is located within two (2) miles of the plant.

3.21 “MH” HUD CODE MANUFACTURED HOUSING DISTRICT

3.21.1 PURPOSE

The purpose of the "MH" HUD Code Manufactured Housing residential district is to provide adequate space and restrictions for the placement of HUD-Code Manufactured Homes in the City within designated subdivisions. This does not include mobile homes as defined in this ordinance. The "MH" district is also established to provide housing densities compatible with existing and proposed neighborhoods by providing alternative housing types both in construction and economy within the "MH" district. It is the intent of the "MH" district to provide the maximum amount of freedom possible in the design of such developments and the grouping and layout of homes within such developments in order to provide amenities normally associated with planned residential areas.

“MH” Area Requirements	
Maximum Density	9 Dwelling Units/Ac.
Minimum Lot Area	5,000 sq. ft.
Minimum Lot Width	50 ft.
Minimum Lot Depth	100 ft.
Minimum Front Yard	25 ft.
Minimum Side Yard:	
Interior Lot Line	5 ft.
Exterior Lot Line	15 ft.
Minimum Rear Yard	25 ft.
Maximum Building Height	20 ft.
Minimum Dwelling Size	1,000 sq. ft.

3.21.2 GENERALLY

Land within the "MH" district will be developed as a HUD-Code Manufactured Home subdivision. Lots within the "MH" district will be sold to private individuals in strict conformance with the terms and conditions under which the subdivision was approved by the City Council. All roadways within a HUD-Code Manufactured Home subdivision shall be dedicated to the public. Private interior drives must be approved by the city. Land zoned "MH" which is not developed as a HUD-Code Manufactured Home subdivision may be developed in accordance with SF-7 zoning district regulations. In the "MH" district, no building or land shall be used and no building constructed, reconstructed, altered, or enlarged, unless otherwise provided in this ordinance.

3.21.3 PERMITTED USES

Uses permitted within the "MH" Manufactured Housing district shall be in accordance with Article 2, Permitted Use Table.

3.21.4 DENSITY, AREA, YARD, HEIGHT, AND LOT COVERAGE REQUIREMENTS

The requirements regulating the maximum permissible residential density, minimum lot size, minimum yard sizes, maximum building height, and maximum percent of lot coverage by buildings, as pertains to the "MH" district, shall conform with the provisions provided in the Area Requirements for the "MH" Zoning District table.

3.21.5 DEVELOPMENT AND INSTALLATION REGULATIONS

Any property developed within the "MH" district as a HUD Code Manufactured Home or as a manufactured housing subdivision shall meet the following requirements:

- A. HUD Code Manufactured Homes shall have the axles, wheels, and tow bar or tongue removed and shall be secured to a permanent foundation or footing and piers, all in accordance with manufacturer's specifications;
- B. HUD Code Manufactured Homes must have a minimum of an eighteen (18) inch crawl space under all homes;
- C. A concrete or asphalt surface with good drainage shall cover the area where a home is to be sited;
- D. Each HUD Code Manufactured Home site shall have a slab or patio not less twenty (20) feet in length and six (6) feet in width, comprised of concrete, flagstone, or similar substance installed adjacent to each site;
- E. HUD Code Manufactured Homes shall have permanent steps installed at all exits;
- F. Each HUD Code Manufactured Home shall have two (2) covered Parking Spaces. All carports shall be built in place with no fiberglass. Carports shall have at least two (2) walls with exterior siding of wood or masonry construction;
- G. Skirting shall be securely attached between the HUD Code Manufactured Home and the ground on all sides within thirty (30) days of home installation. Skirting materials shall consist of materials which are compatible with the design of the home and enhance its appearance. Unpainted or untreated corrugated metal, screen or wire, fiberglass, or lattice-type skirting is prohibited;
- H. Construction, location, and installation of the homes shall be in conformance with applicable federal, state, and local codes and standards, and each manufactured home shall have affixed a seal of the appropriate federal or state department;
- I. Sanitation, fire protection, and underground utility services shall be provided to each lot in accordance with the City ordinances and regulations;
- J. Driveways shall be all weather/dust free construction and shall extend from the right-of-way to the carport or garage. All parking will be permitted on any portion of the lot on any other surface than an all weather/dust free surface;

City of Hillsboro – Article 3, Zoning District Regulations

- K. Drainage and garbage collection right-of-way, fire lanes, and utility easements shall be provided as required by the City. Such can be accomplished by designating all private interior drives within the project as easements for vehicular access and service;
- L. Soil conditions, ground water level, drainage, flooding, and topography shall not create hazards to the developed portion of the property or the health and safety of the residents;
- M. HUD-Code Manufactured Home subdivisions shall be developed at densities comparable to adjacent residential uses or have adequate landscape buffering or open space to provide transition of uses. Adequate landscape buffering or open space for transition purposes shall be determined on an individual site basis and shall be subject to the approval of the City; and
- N. Any structural alteration or modification of a HUD-Code Manufactured Home after it is placed on the site must be approved by the Community Development Director of the City of Hillsboro. All structural additions shall comply with the City's building codes and ordinances.

3.21.6 SITE-BUILT ADDITIONS

The addition of peaked roof facades, atrium entrances, garages, porches, and patios are encouraged in order to increase the compatibility with conventional single family housing in the City.

3.21.7 ACCESSORY BUILDING AND STRUCTURE REGULATIONS

Area regulations for accessory buildings or accessory structures shall be in compliance with *Section 5.41 Accessory Buildings*.

3.21.8 PARKING REGULATIONS

Two (2) parking spaces Parking requirements for the HUD Code Manufactured Housing District shall be in compliance with *5.36, Off-street Parking and Loading Regulations*.

3.21.9 INTERIOR DRIVES

- A. The use of private interior drives must be approved by the City.
- B. Such interior drives shall have a minimum easement width of fifty (50) feet and shall have a minimum paved roadway width of thirty-one feet (31) back-to-back.
- C. Public interior streets shall be located within dedicated rights-of-way, and shall have a minimum paved roadway width provided in accordance with the applicable standards in the City of Hillsboro Subdivision Regulations.
- D. All private interior drives, entrances, and service drives shall be constructed in accordance with City design standards and shall have a six (6) inch rolled curb and gutter of concrete meeting the street standards of the City of Hillsboro. The developer shall bear the total cost of construction and maintenance of all such improvements, including curb and drainage structures that may be needed.
- E. All parking areas and public streets shall be of concrete or asphalt construction, as approved by the City Engineer.

3.21.10 UNDERGROUND UTILITIES

All utility lateral and service lines located within the "MH" District shall be installed underground.

3.21.11 OPEN SPACE AREA

Open space designated for the use and enjoyment of all residents shall be provided within a HUD Code Manufactured Home subdivision at the ratio of five hundred (500) square feet for each of the first twenty (20) units, and two hundred (200) square feet for each additional unit in excess of twenty (20). Designated open space shall be developed and maintained for recreational and leisure activities and shall be located within the subdivision being developed.

3.21.12 SCREENING

A solid opaque screening wall or fence of not less than six (6) feet in height, measured at the highest finished grade, shall be provided along all perimeter property lines of a HUD-Code Manufactured Home subdivision which do not abut a dedicated street. Said screening wall or fence shall be masonry and of a decorative construction. This requirement can be waived or modified if natural or man-made physical features create an adequate separation or buffer from adjacent uses, as determined by the City. However, any request to waive this requirement shall be presented as an element of the site plan and shall be subject to approval at that time only.

3.21.13 PRESERVATION OF SITE ASSETS

When developing a HUD-Code Manufactured Home Subdivision, the following steps shall be taken to preserve on-site assets:

- A. Suitable available topsoil and desirable existing trees;
- B. Shrubs and ground cover shall be preserved and protected where practicable; and
- C. Topsoil which is suitable and needed for later use in finished grading shall be stripped from areas to be occupied by structures, parking areas, streets and driveways, and from areas to be re-graded or disturbed. This topsoil shall be collected and stored on the site in convenient places for future use and shall be free of debris during construction.

3.21.14 DRAINAGE

Engineering plans for drainage shall be submitted for review by the City at the time of site plan approval. All applicable requirements of the City shall be met.

3.21.15 HUD-CODE MANUFACTURED HOME SALES

HUD-Code Manufactured Home subdivisions shall be for residential purposes only. Sales of these homes shall be limited to those which become available on the market on an individual basis. Commercial sales and promotion are not permitted.

Ground Floor Retail	40% minimum

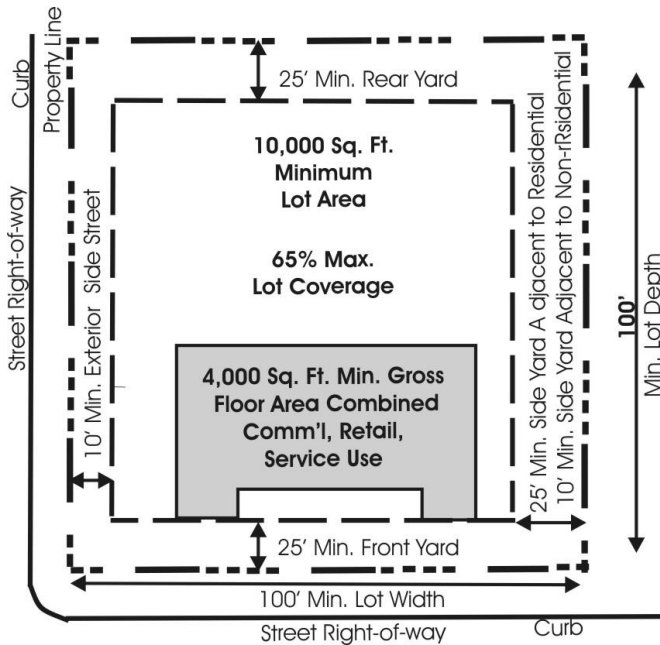

3.25 “C” COMMERCIAL DISTRICT REGULATIONS

3.25.1 GENERAL PURPOSE AND DESCRIPTION

The C-Commercial District, is designed to provide for a broad range of retail and service oriented commercial uses of a mixed and diversified nature including regional and community shopping centers. This district is generally located near major thoroughfares because of the intensity of vehicular traffic visiting these uses. Because of the more intense commercial use, care should be given in locating the C district near residential uses.

3.25.2 PERMITTED USES

See Article 2, Permitted Use Table.

“C” Area Requirements	
Minimum Lot Area	10,000
Minimum Lot Width	100 ft.
Minimum Lot Depth	100 ft.
Minimum Front Yard	25 ft.
Minimum Side Yard	25 ft. if abutting residential district 5 ft. if abutting non-residential
Interior Lot	
Exterior	10 ft.
Minimum Rear Yard	25 ft.
Maximum Lot Coverage	65%
Maximum Building Height	None
Minimum Floor Area	4,000 s.f. gross floor area for commercial, retail, service uses

3.25.3 PARKING REGULATIONS

See Section 5.36 for applicable Off Street Parking and Loading Regulations.

3.25.4 HEIGHT AND AREA REGULATIONS

Height and area regulations in a C, Commercial District, are set forth in Sections 5.34 and 5.36 respectively.

3.25.5 SUPPLEMENTAL CONDITIONS AND SPECIAL REGULATIONS

See Article 2, Permitted Use Table, Supplemental Conditions designations and Section 2.12, Supplemental Conditions and Special Regulations.

3.25.6 SIGN REGULATIONS

See *Section 5.33* for applicable sign regulations.

3.25.7 SCREENING AND BUFFER REGULATIONS

See *Section 5.43* for screening and buffer requirements.

3.25.8 LANDSCAPING REGULATIONS

Landscape regulations primarily include a twenty percent (20%) landscaping requirement, parking lot landscaping, open space requirements and a landscape plan. See *Section 5.44* for detailed requirements.

3.25.9 MASONRY AND ARTICULATION REGULATIONS

See *Section 5.39* for applicable masonry and articulation regulations.

3.25.10 PLAN REQUIREMENTS

No application for a building permit for the construction of a building or structure shall be approved unless a plat has been recorded in the official records of the County in which the property is located.

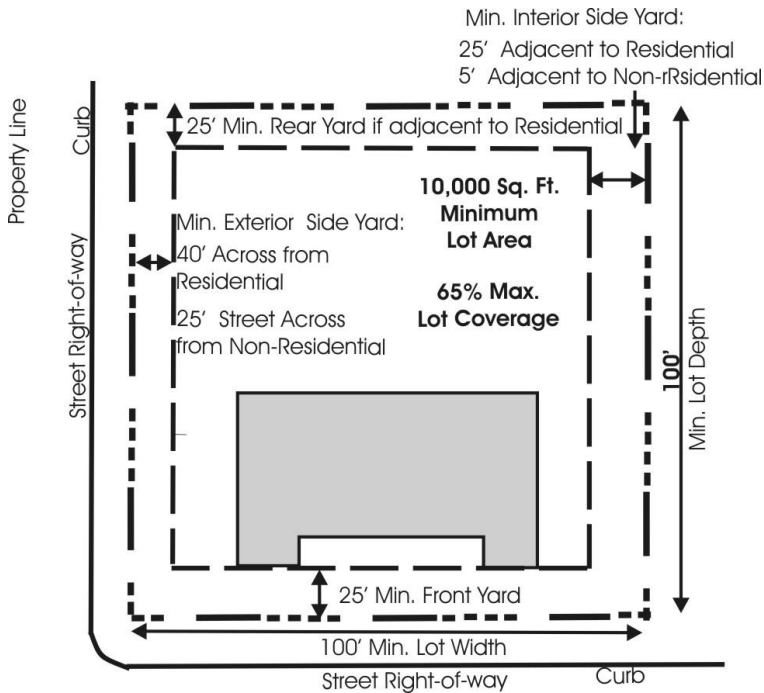

3.26 “I-1” LIGHT INDUSTRIAL DISTRICT REGULATIONS

3.26.1 GENERAL PURPOSE AND DESCRIPTION

The I-1, Light Industrial District, is intended primarily for the conduct of light manufacturing, assembling, and fabrication, and for warehousing, wholesaling, and service operations that do not depend primarily on frequent personal visits of customers or clients, but that may require good accessibility to major rail, air facilities, or highways.

3.26.2 PERMITTED USES

See Article 2, Permitted Use Table.

“I-1” Area Requirements	
Minimum Lot Area	10,000
Minimum Lot Width	100 ft.
Minimum Lot Depth	100 ft.
Minimum Front Yard	25 ft.
Minimum Side Yard Abutting Street ROW	
If across street from Residential	40 ft.
If across street from non-residential	25 ft.
If abutting residential District	25 ft.
If abutting a non-residential district	5 ft.
Minimum Rear Yard if Adjacent to Residential	25 ft.
Maximum Lot Coverage	65%
Maximum Building Height	None

3.26.3 PARKING REGULATIONS

See Section 5.36 for applicable Off Street Parking and Loading Regulations.

3.26.4 HEIGHT AND AREA REGULATIONS

Height and area regulations in a I-1, Industrial District, are set forth in Sections 5.34 and 5.36 respectively.

3.26.5 SUPPLEMENTAL CONDITIONS AND SPECIAL REGULATIONS

See Article 2, Permitted Use Table, Supplemental Conditions designations and Section 2.12, Supplemental Conditions and Special Regulations.

3.26.6 SIGN REGULATIONS

See *Section 5.33* for applicable sign regulations.

3.26.7 SCREENING AND BUFFER REGULATIONS

See *Section 5.43* for Screening and Buffer regulations

3.26.8 LANDSCAPING REGULATIONS

Landscape regulations primarily include a twenty percent (20%) landscaping requirement, parking lot landscaping, open space requirements and a landscape plan. See *Section 5.44* for detailed requirements.

3.26.9 MASONRY AND ARTICULATION REGULATIONS

See *Section 5.39* for applicable masonry and articulation requirements.

3.26.10 PLAN REQUIREMENTS

No application for a building permit for the construction of a building or structure shall be approved unless a plat has been recorded in the official records of the County in which the property is located.

3.26.11 PERFORMANCE STANDARDS

All uses in the I-1, Light Industrial District shall conform in operation, location, and construction to the performance standards for noise, odorous matter, toxic and noxious matter, smoke, particulate matter and other air contaminants, fire, and explosive or hazardous matter, vibration and open storage as contained in this Section.

All required site plans for I-1, Light Industrial development shall include measurements, calculations or other documenttion necessary, and as may be required by the Community Development Director or designee, to demonstrate conformance with these Performance Standards. Such documentation shall be prepared by a licensed professional in the appropriate fieled of study for the particular performance standard being addressed in such documentation.

- A. **Smoke.** The requirements of the state law and regulations.
- B. **Particulate matter.** The requirements of the state law and regulations.
- C. **Odor.** No operation shall permit odors to be released which are detectable at the property line and which offensively affect the sense of smell.
- D. **Toxic material.** The emission of toxic and noxious materials shall not produce concentrations exceeding ten percent of threshold limit values for toxic materials in industry as set forth in "Threshold Limit Values" for the current year as adopted at the annual meeting of the American Conference of Governmental Industrial Hygienists, at a zone boundary line.
- E. **Vibration.** Any industrial operation or activity which shall cause at any time and at any point along the nearest adjacent property line, earthborn vibrations in excess of the limits set forth in the table below are prohibited. Vibrations shall be expressed as resultant displacement in inches.

City of Hillsboro – Article 3, Zoning District Regulations

Frequency Displacement (Cycles per Second)	Maximum (In Inches)
Below 10	.0008
10-20	.0005
21-30	.0002
31-40	.0002
41 and over	.0001

This tabulation is for steady state vibration; this is defined as continuous vibration in contrast to discrete pulses. Impact vibration, that is, discrete pulses which do not exceed one hundred (100) pulses per minute, must not produce in excess of twice (two times) the displacement stipulated above.

- F. **Noise.** At no point, either on the boundary of the zone or at one hundred twenty-five (125) feet from the property line of the plant or operation, whichever distance is greater, shall the sound pressure level of any operation of plant (other than background noises produced by sources not under control of these plant operation such as the operation of motor vehicles or other transportation facilities) exceed the decibel limits in the octave bands designated below.

Octave Band along Frequency (Cycles per Second)	Maximum Permitted Sound Level in Decibels at Residential District Boundaries, or 125 Feet from Plant or Operation Lot Line
0-75	67
76-150	62
151-300	58
301-600	54
601-1200	49
1201-2400	45
2401-4800	41
Above 4800	37

Sound levels shall be measured with a sound-level meter and associated octave band filter, manufactured and calibrated according to standards prescribed by the American Standards Association. Measurements shall be made using the flat or C network of the sound level meter and the fast meter movement of the octave band analyzer.

City of Hillsboro – Article 3, Zoning District Regulations

Impulsive type noises capable of being so measured, which cause rapid fluctuations of the needle of the sound-level meter must have a variation of no more than plus or minus two decibels. Noises incapable of being so measured, such as those of an irregular and intermittent nature, shall be controlled so as not to become a nuisance to adjacent users.

- G. **Fire hazards.** The storage, use, or manufacture of solid materials or products ranging from incombustible to moderate burning is permitted in accordance with applicable City codes and ordinances. The storage, use, or manufacture of solid materials or products ranging from free or active burning to intense burning is permitted in accordance with applicable City codes and ordinances provided the following condition are met:
- a. Materials or products shall be stored, used, or manufactured within completely enclosed buildings having incombustible exterior walls and protected throughout by an automatic fire extinguishing system; and
 - b. The storage, use, or manufacture of flammable liquids or gases which produce flammable or explosive vapors, exclusive of storage of finished products in original sealed containers, shall be permitted in accordance with the City fire code as interpreted by the City Fire Marshal.
- H. **Water pollution.** No operation or activity shall discharge or cause to be discharged, liquid or solid waste into public waters unless in conformance with the provisions of the state laws and regulations.
- I. **Liquid or solid waste.** No discharge at any point will be allowed into any public sewer, private sewer disposal system, or stream or into the ground, except in accordance with City and federal laws and regulations.

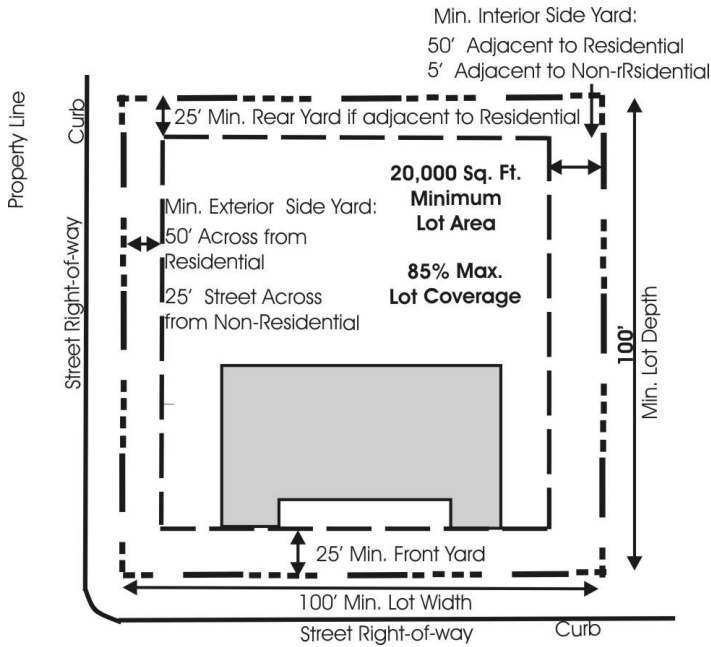

3.27 “I-2” HEAVY INDUSTRIAL DISTRICT REGULATIONS

3.27.1 GENERAL PURPOSE AND DESCRIPTION

The I-2, Heavy Industrial District, is intended to provide for heavy industrial uses and other uses not otherwise provided for in the other districts.

3.27.2 PERMITTED USES

See *Article 2, Permitted Use Table*.

“I-2” Area Requirements	
Minimum Lot Area	20,000
Minimum Lot Width	100 ft.
Minimum Lot Depth	100 ft.
Minimum Front Yard	25 ft.

If abutting residential District	50 ft.
If abutting a non-residential district	5 ft.
Minimum Rear Yard if Adjacent to Residential	25 ft.
Maximum Lot Coverage	85%
Maximum Building Height	None
Minimum Floor Area	N/A

3.27.3 PARKING REGULATIONS

See *Section 5.36* for applicable *Off Street Parking and Loading Regulations*.

3.27.4 HEIGHT AND AREA REGULATIONS

Height and area regulations in a I-2, Industrial District, are set forth in *Sections 5.34 and 5.36* respectively.

3.27.5 SUPPLEMENTAL CONDITIONS AND SPECIAL REGULATIONS

See *Article 2, Permitted Use Table, Supplemental Conditions designations and Section 2.12, Supplemental Conditions and Special Regulations*.

3.27.6 SIGN REGULATIONS

See *Section 5.33* for applicable sign regulations.

3.27.7 SCREENING AND BUFFER REGULATIONS

See *Section 5.43* for screening and buffer regulations.

3.27.8 LANDSCAPING REGULATIONS

Landscape regulations primarily include a twenty percent (20%) landscaping requirement, parking lot landscaping, open space requirements and a landscape plan. See *Section 5.44* for detailed requirements.

3.27.9 MASONRY AND ARTICULATION REGULATIONS

See *Section 5.39* for applicable masonry and articulation regulations.

3.27.10 PLAN REQUIREMENTS

No application for a building permit for the construction of a building or structure shall be approved unless a plat has been recorded in the official records of the County in which the property is located.

3.27.11 PERFORMANCE STANDARDS

All uses in the I-2, Heavy Industrial District shall conform in operation, location, and construction to the performance standards for noise, odorous matter, toxic and noxious matter, smoke, particulate matter and other air contaminants, fire, and explosive or hazardous matter, vibration and open storage as contained in this Section.

All required site plans for I-2, Heavy Industrial development shall include measurements, calculations or other documentation necessary, and as may be required by the Community Development Director or designee, to demonstrate conformance with these Performance Standards. Such documentation shall be prepared by a licensed professional in the appropriate filed of study for the particular performance standard being addressed in such documentation.

- A. **Smoke.** The requirements of the state law and regulations.

Article 4 Special Districts

4.28 PD PLANNED DEVELOPMENT DISTRICT REGULATIONS

4.28.1 GENERAL PURPOSE AND DESCRIPTION

The Planned Development District "PD" prefix is intended to provide for combining and mixing of uses allowed in various districts with appropriate regulations and to permit flexibility in the use and design of land and buildings in situations where modification of specific provisions of this ordinance is not contrary to its intent and purpose or significantly inconsistent with the planning on which it is based and will not be harmful to the community. A PD District may be used to permit new and innovative concepts in land utilization. While great flexibility is given to provide special restrictions which will allow development not otherwise permitted, procedures are established herein to insure against misuse of the increased flexibility.

4.28.2 PERMITTED USES

Any use specified in the ordinance granting a Planned Development District shall be permitted in that district. The size, location, appearance, and method of operation may be specified to the extent necessary to insure compliance with the purpose of this ordinance.

4.28.3 DEVELOPMENT STANDARDS

Development standards for each separate PD District shall be set forth in the ordinance granting the PD District and may include but shall not be limited to uses, density, lot area, lot width, lot depth, yard depths and widths, building height, building elevations, coverage, floor area ratio, parking, access, screening, landscaping, accessory buildings, signs, lighting, management associations, and other requirements as the City Council may deem appropriate.

- A. In the PD District, the particular district(s) to which uses specified in the PD are most similar shall be stated in the granting ordinance. All PD applications shall list all requested variances from the standard requirements set forth throughout this ordinance (applications without this list will be considered incomplete).
- B. The ordinance granting a PD District shall include a statement as to the purpose and intent of the PD granted therein. A specific list is required of variances in each district or districts and a general statement citing the reason for the PD request.
- C. The Planned Development District shall conform to all other sections of the ordinance unless specifically exempted in the granting ordinance.
- D. The ordinance granting a PD District shall state that a Homeowners Association or other legal entity shall be established to provide for the on-going maintenance of all common open space, private utilities and private streets.

4.28.4 CONCEPTUAL AND DEVELOPMENT PLAN

In establishing a Planned Development District, the City Council shall approve and file as part of the amending ordinance appropriate plans and standard for each Planned Development District. During the review and public hearing process, the City Council shall require a conceptual plan and a development plan (or detailed site plan).

City of Hillsboro – Article 5, Supplemental Provisions

- A. Conceptual Plan: This plan shall be submitted by the applicant. The plan shall show the applicant's intent for the use of the land within the proposed Planned Development District in a graphic manner and shall be supported by written documentation of proposals and standards for development.
- a. a conceptual plan for residential land use shall show general use, thoroughfares, and preliminary lot arrangements. For residential development which does not propose platted lots, the conceptual plan shall set forth the size, type, and location of buildings and building sites, access, density, building height, fire lanes, screening, parking areas, landscaped areas, and other pertinent development data;
 - b. a conceptual plan for uses other than residential uses shall set forth the land use proposals in a manner to adequately illustrate the type and nature of the proposed development. Data which may be submitted by the applicant, or required by the City Council, may include but is not limited to the types of use(s), topography, and boundary of the PD area, physical features of the site, existing streets, alleys, and easements, location of future public facilities, building heights and locations, parking ratios, and other information to adequately describe the proposed development and to provide data for approval which is to be used in drafting the final development plan; and
 - c. changes of detail which do not alter the basic relationship of the proposed development to adjacent property and which do not alter the uses permitted or increase the density, building height, or coverage of the site and which do not decrease the off-street parking ratio, reduce the yards provided at the boundary of the site, or significantly alter the landscape plans as indicated on the approved conceptual plan may be authorized by the Community Development Director or his designated representative. If an agreement cannot be reached regarding whether or not a detail site plan conforms to the original concept plan, the City Council shall determine the conformity.
- B. Development Plan or Detailed Site Plan: This plan shall set forth the final plans for development of the Planned Development District and shall conform to the data presented and approved on the conceptual plan. Approval of the development plan shall be the basis for issuance of a building permit. The development plan may be submitted for the total area of the PD or for any section by the City Council. A public hearing on approval of the development plan shall be required at the Council level, unless such a hearing is waived pursuant to *Section 5.28.4,C* at the time of conceptual plan approval in the original amending ordinance. The development plan shall include:
- a. a site inventory analysis including a scale drawing existing vegetation, natural water courses, creeks or bodies of water, and an analysis of planned changes in such natural features as a result of the development. This should include a delineation of any flood prone areas;
 - b. a scale drawing showing any proposed public or private streets and alleys; building sites or lots; and areas reserved as parks, parkways, playgrounds, utility easements, school sites, street widening and street changes; the points of ingress and egress from existing streets; general location and description of

City of Hillsboro – Article 5, Supplemental Provisions

- existing and proposed utility services, including size of water and sewer mains; the location and width for all curb cuts and the land area of all abutting sites and the zoning classification thereof on an accurate survey of the tract with the topographical contour interval of not more than five (5) feet;
- c. a site plan for proposed building complexes showing the location of separate buildings, and between buildings and property lines, street lines, and alley lines. Also to be included on the site plan is a plan showing the arrangement and provision of off-street parking;
 - d. a landscape plan showing screening walls, ornamental planting, wooded areas, and trees to be planted; and
 - e. an architectural plan showing elevations and signage style to be used throughout the development in all districts except single family and two family may be required by the City Council if deemed appropriate. Any or all of the required information may be incorporated on a single drawing if such drawing is clear and can be evaluated by the Community Development Director or his designated representative.
- C. Procedure for Establishment: The procedure for establishing a Planned Development District shall follow the procedure for zoning amendments as set forth in *Section 1.10 Authority to Amend Ordinance*. This procedure is expanded as follows for approval of conceptual and development plans.
- D. Separate public hearings shall be held by City Council for the approval of the conceptual plan and the development plan or any section of the development plan, unless such requirements is waived by the City Council upon a determination that a single public hearing is adequate. A single public hearing is adequate when:
- a. the applicant submits adequate data with the request for the Planned Development District to fulfill the requirements for both plans;
 - b. information on the concept plan is sufficient to determine the appropriate use of the land and the detail site plan will not deviate substantially from it; and
 - c. the requirement is waived at the time the amending ordinance is approved. If the requirement is waived, the conditions shall be specifically stated in the amending ordinance.
- E. The ordinance establishing the Planned Development District shall not be approved until the conceptual plan is approved.
- F. The development plan may be approved in sections. When the plan is approved in sections, the separate approvals by the City Council for the initial and subsequent sections will be required.

- G. An initial development plan shall be submitted for approval within six (6) months from the approval of the conceptual plan or some portion of the conceptual plan. If the development plan is not submitted within six (6) months, the conceptual plan is subject to reprove by the City Council. If the entire project is not completed within two (2) years, the City Council may review the original conceptual plan to ensure its continued validity.
- H. Regardless of whether the public hearing is waived for the development plan, approval by the City Council is still required.

4.28.5 WRITTEN REPORT MAY BE REQUIRED

When a PD is being considered, a written report may be requested of the applicant discussing the impact on planning, engineering, water utilities, electric, sanitation, building inspection, tax, police, fire, and traffic. Written comments from the applicable public school district and from private utilities may be submitted to the City Council.

4.28.6 PLANNED DEVELOPMENTS TO BE RECORDED

All Planned Development Districts approved in accordance with the provisions of this ordinance in its original form, or by subsequent amendment thereto, shall be referenced on the Zoning District Map, and a list of such Planned Development Districts, together with the category of uses permitted therein, shall be maintained in an appendix of this ordinance.

4.29 H-C HISTORICAL-CULTURAL LANDMARK PRESERVATION OVERLAY DISTRICT REGULATIONS

4.29.1 GENERAL PURPOSE AND DESCRIPTION

The H-C, Historical-Cultural Landmark Preservation Overlay District, in general is intended to provide for the protection, preservation and enhancement of buildings, structures, sites and areas of architectural, historical, archaeological or cultural importance or value. More specifically, this district has the following expressed purposes:

- To stabilize and improve property values;
- To encourage neighborhood conservation;
- To foster civic pride in the beauty and accomplishments of the past;
- To protect and enhance the City's attractions to tourists and visitors;
- To strengthen and help diversify the economy of the City; and
- To promote the use of historical-cultural landmarks for the education, pleasure and welfare of the community.

This district supplements the regulations of the underlying zoning district classifications. The Zoning map shall reflect the designation of a Historical-Cultural Landmark Preservation Overlay District by the letters "H-C" as a suffix to the underlying zoning district classification.

4.29.2 PERMITTED USES

The permitted uses in the H-C, Historical Cultural Landmark, Preservation Overlay District, shall be determined by the underlying zoning district classification.

4.29.3 HEIGHT AND AREA REGULATIONS

The area and height regulations shall be determined by the underlying zoning district classification.

4.29.4 SUPPLEMENTAL REGULATIONS

Buildings, structures, sites and areas zoned "H-C" shall be subject to the underlying district unless otherwise set forth in this Section.

4.29.5 EXTERIOR ALTERATIONS AND CHANGES

No person or entity shall construct, reconstruct, alter, change, restore, remove, demolish, or obscure any exterior architectural feature of a building or structure located in an H-C District, unless first applying to and receiving from the Landmark Commission a Certificate of Appropriateness as set forth in *Article 4, Section 4.29*.

4.29.6 DEMOLITION OR REMOVAL OF A BUILDING OR STRUCTURE

No building or structure located in an H-C District, shall be demolished or removed without the approval of the Landmark Commission or the City Council as set forth in the City Ordinances.

4.29.7 OMISSION OF NECESSARY REPAIRS

City of Hillsboro – Article 5, Supplemental Provisions

Buildings and structures located in an H-C District, shall be maintained so as to insure the structural soundness and integrity of the building or structure and its exterior architectural features as set forth in Article 4, Section 4.29.

4.30A HUD CODE MANUFACTURED HOME OVERLAY ZONE

4.30A.1 PURPOSE

The HUD Code Manufactured Home Overlay Zone establishes a zoning designation that permits diversity in housing style in certain parts of the City where such diversity is appropriate and desirable.

4.30A.2 DISTRICT REGULATIONS AND REQUIREMENTS

The regulations established in the underlying districts shall apply unless otherwise modified in these HUD Code Manufactured Home district regulations and as follows:

- A. Be no less than forty (40) feet in length and twenty-eight (28) feet in width; and
- B. Comply with the *Article 3, Section 3.21, “MH” HUD Code Manufactured Housing District, Section 3.21.5, Development and Installation Regulations, and Section 3.21.6, Site-Built Additions.*

4.30B OMR OUTLET MALL REDEVELOPMENT OVERLAY DISTRICT REGULATIONS

4.30B.1 GENERAL PURPOSE AND DESCRIPTION

The OMR, Outlet Mall Redevelopment Overlay District, provides a means of redeveloping the outlet mall on the Interstate 35 Service Road into a mixed use area that allows uses varying in intensity between commercial and less intense industrial uses.

4.30B.2 PERMITTED USES

The permitted uses in the OMR, Outlet Mall Redevelopment Overlay District, shall be determined by the underlying zoning district classification. In addition to the uses permitted in the underlying zoning district classification, the following uses shall also be permitted:

- Warehousing and Freight Office and Storage
- Light Industrial
- Second story multifamily
- Commercial and retail uses

4.30B.3 PARKING REGULATIONS

See *Section 5.36* for applicable *Off Street Parking and Loading Regulations*.

4.30B.4 HEIGHT AND AREA REGULATIONS

The area and height regulations shall be determined by the Light Industrial (I-1) Zoning District.

4.30B.5 SUPPLEMENTAL REGULATIONS

Buildings, structures, sites and areas zoned “OMR” shall be subject to the underlying district unless otherwise set forth in this Section.

4.30B.6 SIGN REGULATIONS

Sign regulations shall be subject to the underlying district unless otherwise set forth in this Section.

4.30B.7 LANDSCAPING REGULATIONS

The landscaping regulations shall be determined by the Light Industrial (I-1) Zoning District which requires a twenty percent (20%) landscaping requirement, parking lot landscaping, open space requirements and a landscaping plan.

A landscaping plan that shows a total landscape area less than twenty percent (20%) may be approved if the landscaping is greater in intensity, provided that the total landscaping area is not below fifteen percent (15%).

See *section 5.44* for additional detailed requirements.

4.30C ISF Increased Density Single Family Residential Overlay Overlay District Regulations

4.30C.1 GENERAL PURPOSE AND DESCRIPTION

The ISF, Increased Density Single Family Residential Overlay District, is intended to provide for increased density and flexibility in regards to lot size, front and rear setbacks and exterior side yard setbacks, in single family zoning districts without changing the underlying zoning.

4.30C.2 PERMITTED USES

The permitted uses in the ISF, Increased Density Single Family Residential Overlay District, shall be determined by the underlying zoning district classification.

4.30C.3 LOT SIZES

The following flexibility shall be applied in regards to lot sizes:

- A. Up to a ten (10) foot difference on the minimum lot width requirement from the underlying zoning district requirements.
- B. If the underlying zoning district requires corner lots to have a greater width than interior lots, up to a twenty (20) foot difference on the minimum lot width requirement from the underlying zoning district requirements may be granted for corner lots.
- C. Up to a ten (10) foot difference on the minimum lot depth requirement from the underlying zoning district requirements.
- D. The minimum lot size shall be at least 75% of the minimum lot size in the underlying zoning district.

4.30C.4 SETBACKS

The following flexibility shall be applied in regards to setbacks:

- A. Up to a ten (10) foot difference on the minimum front yard setback requirement from the underlying zoning district requirements.
- B. Up to a ten (10) foot difference on the minimum rear yard setback requirement from the underlying zoning district requirements.
- C. Up to a five (5) foot difference on the minimum exterior side yard setback requirement from the underlying zoning district requirements.
- D. The interior side yard setback shall be determined by the underlying zoning district with no flexibility.

4.30C.5 APPLICATION

This overlay shall not be applied to areas in the Zero Lot Line Single Family Residential (ZLL) Zoning District.

4.30C.6 OTHER DISTRICT REGULATIONS AND REQUIREMENTS

The regulations established in the underlying districts shall apply unless otherwise set forth in this Section.

Article 5 Supplemental Provisions

5.31 SUP (S) SPECIFIC USE PERMITS

5.31.1 PURPOSE

Certain land uses, because of their nature and location, may be appropriate under certain conditions in zoning districts where they are not expressly permitted. This Section sets forth the procedure to grant a permit for a specific use in a specific location. This procedure to approve a specific use permit includes a public hearing. The amending ordinance may provide for certain restrictions and standards for operation. The indication that it is possible to grant a specific use permit is noted elsewhere in this ordinance and does not constitute a grant of privilege for such use, nor is there any obligation to approve a specific use permit unless it is the finding of the City Council that such a special use is compatible with adjacent property use, consistent with the character of the neighborhood and, consistent with the requirements of this Section.

5.31.2 PERMIT REQUIRED.....

No specific use shall be erected, used, altered, occupied nor shall any person convert any land, building or structure to such a use unless a specific use permit has been issued by the City Council. The granting of a specific use permit shall be done in accordance with the provisions for amendment of this zoning ordinance.

5.31.3 APPLICATION PROCEDURE.....

An application for a special permit shall be filed with the administrative official on a form prepared by the City. The application shall be accompanied by the following:

5.31.4 A COMPLETED APPLICATION FORM SIGNED BY THE PROPERTY OWNER:

- A. An application fee as established by the City's latest adopted schedule of fees; certificate stating that all City and school taxes have been paid to date;
- B. A property description of the area where the specific use permit is proposed to apply;
- C. A site plan complying with the requirements stated in this Section which will become a part of the specific use permit, if approved; and
- D. Any other material and/or information as may be required by the City Council or the administrative official to fulfill the purpose of this subsection and to ensure that the application is in compliance with the ordinances of the City.

5.31.5 SITE PLAN INFORMATION.....

A site plan shall contain, at a minimum, information as set forth in *Section 5.32, Site Plan Requirements*:

5.31.6 ADDITIONAL INFORMATION

The following additional information may also be required if deemed appropriate by staff or the City Council.

- A. Copies of studies or analyses upon which have been based projections for need or demand for the proposed facility.
- B. Description of the present use, assessed value and actual value of the land affected by the proposed facility.
- C. Description of the proposed use, anticipated assessed value and supporting documentation.
- D. A description of any long-term plans or master plan for the future use or development of the property.
- E. A description of the applicant's ability to obtain needed easements to serve the proposed use.
- F. A description of any special construction requirements that may be necessary for any construction or development on the subject property.
- G. A traffic impact analysis prepared by a qualified professional in the field of traffic evaluation and forecasting may be required.

5.31.7 COUNCIL ACTION

The City Council may waive any of the above requirements only upon finding that the information submitted is sufficient to determine that the proposed building, use, structure, development or activity will have an insubstantial impact on the surrounding area and that providing the information required by the submittal requirements is unreasonably burdensome on the applicant.

5.31.8 CONDITIONS OF PERMIT APPROVAL

A specific use permit shall not be approved by the City Council unless the Council finds that all of the following conditions have been found to exist:

- A. The proposed use complies with all the requirements of the zoning district in which the property is located.
- B. The proposed use is in accordance with the City of Hillsboro Comprehensive Land Use Plan.
- C. The proposed use as located and configured will contribute to or promote the general welfare and convenience of the City.
- D. The benefits that the City gains from the proposed use outweigh the loss of or damage to any home, business, agricultural lands, historical or cultural landmark or site, or any other element of the City or natural environment that would be detrimental to the general welfare and convenience of the City.
- E. Adequate utilities, road access, drainage and other necessary supporting facilities are provided.

- F. The movement of vehicular and pedestrian traffic shall not adversely affect the general public or adjacent developments.
- G. The issuance of the specific use permit does not impede the normal and orderly development and improvement of neighboring vacant property.
- H. The location, nature and height of buildings, structures, walls and fences are not out of scale with the neighborhood.
- I. The proposed use will be compatible with and not injurious to the use and enjoyment of neighboring property, nor significantly diminish or impair property values within the vicinity.
- J. Adequate nuisance prevention measures shall be taken to prevent or control offensive odors, fumes, dust, noise, vibration and visual blight.
- K. Sufficient on-site lighting is provided for adequate safety of patrons, employees and property, and such lighting is in accordance with *Section 5.46, Outdoor Lighting Requirements*.
- L. There is sufficient landscaping and screening to ensure harmony and compatibility with adjacent properties.
- M. The proposed operation is consistent with the applicant's submitted plans, master plans, projections, or, where inconsistencies exist, the benefits to the community outweigh the costs.

5.31.9 ADDITIONAL CONDITIONS

In authorizing a Specific Use Permit, the City Council may impose additional reasonable conditions necessary to protect the public interest and the welfare of the community.

5.31.10 TIME LIMIT

A Specific Use Permit issued under this division shall become null and void unless construction or use is substantially underway within one year of the granting of the permit, unless an extension of time is approved by the City Council.

5.31.11 REVOCACTION OF PERMIT

A Specific Use Permit may be revoked or modified, after notice and hearing, for either of the following reasons:

- A. The permit was obtained or extended by fraud or deception.
- B. One or more of the conditions imposed by the permit has not been met or has been violated.

5.31.12 AMENDMENTS TO SPECIFIC USE PERMIT

The procedure for amending a Specific Use Permit shall be the same as for a new application, provided the administrative official may approve minor variations from the original permit which do not increase density, change traffic patterns, or result in an increase in external impacts on adjacent properties or neighborhoods.

5.32 SITE PLAN REGULATIONS

5.32.1 GENERALLY

Whenever a site plan is required by this ordinance, such site plan must conform to the requirements of this Section. Unless otherwise specified in this ordinance, all site plans must be approved by the City Council, upon recommendation of the Planning and Zoning Commission. The site plan submitted in support of an application shall satisfy the requirements for site plan submittals as set forth by the city staff. Site plans shall be reviewed by the city staff, and comments shall be returned after the review by the city staff. The submittal date of the site plan shall be the date upon which the site plan is found to be in compliance with the provisions of the site plan application by the city staff.

5.32.2 REQUIRED PRIOR TO BUILDING PERMIT

When required by this ordinance, a site plan must be approved prior to the issuance of a building permit by the city.

5.32.3 CHANGES TO THE SITE PLAN

Changes to the site plan shall be processed in the same manner as the original approved site plan.

- A. Except as otherwise provided in paragraph C, below, any site plan that is amended shall require approval of the City Council, upon recommendation of the Planning and Zoning Commission.
- B. Changes to the site plan which will affect the use of the land may require either an amendment to a Planned Development or a rezoning of property, whichever applies.
- C. Changes of details within a site plan which do not alter the basic physical relationship of the property to adjacent properties; do not alter the use permitted; and do not increase the density, floor area, height, or reduce the yards provided at the boundary of the site as indicated on the approved site plan, may be authorized by the Community Development Director or his/her designee. An aggrieved party may appeal the decision of the Community Development Director or his/her designee to the Board of Adjustment in accordance with the provisions of this ordinance.

5.32.4 COUNCIL APPROVAL

Council approval of a site plan that accompanies a zoning change request shall become part of the amending ordinance.

5.32.5 SITE PLAN CONTENT

The site plan shall contain the information listed below, and any or all of the required features may be incorporated on a single drawing if the drawing is clear and capable of evaluation by the City Council and the staff personnel required to enforce and interpret this ordinance. Site plan shall be prepared by a licensed professional.

The boundary lines and dimensions of the property, existing subdivision lots, available utilities, easements, roadways, sidewalks, emergency access easements, and public rights-of-way.

City of Hillsboro – Article 5, Supplemental Provisions

- A. Topography of the property proposed for development in contours of not less than two feet (2) , together with any proposed grade elevations, if different from existing elevations.
- B. Proof of ownership
- C. Tax certificates, indicating that all taxes on the land being rezoned have been paid to the current year.
- D. Flood plains, water courses, marshes, drainage areas, and other significant environmental features including, but not limited to, rock outcroppings and major tree groupings. Topographic and drainage map information provisions may be waived by the reviewing body when the inclusion of such data would not materially contribute to the necessary evaluation of the project petition.
- E. The location and use of all existing and proposed buildings or structures, including all refuse storage areas, and the minimum distance between buildings. Where building complexes are proposed, the location of each building and the minimum distances between buildings, and between buildings and the property line, street line, and /or alley.
- F. Total number, location, and arrangement of off-street parking and loading spaces, where required.
- G. All points of vehicular ingress, egress, and circulation within the property and all special traffic regulation facilities proposed or required to assure the safe function of the circulation plan.
- H. Setbacks, lot coverage, and when relevant, the relationship of the setbacks provided and the height of any existing or proposed building or structure.
- I. The location, size, and arrangement of all outdoor signs, exterior auditory speakers, and lighting.
- J. The type, location, and quantity of all plant material used for landscaping, and the type, location, and height of fences or screening and the plantings around them.
- K. If multiple types of land uses are proposed, a delineation of the specific areas to be devoted to various land uses.
- L. Vicinity map, north point, scale, name of development, name of owner, name of planner, total acreage of project, and street address or common description of the property.
- M. Current land uses and zoning district of the property and current land uses and zoning districts of contiguous properties.
- N. Buildings on the exterior of the site and within twenty-five feet (25) of all property lines.
- O. The location and size of existing and proposed surface and subsurface drainage facilities, including culverts, drains, and detention ponds, showing size and direction of flow.
- P. The number of square feet of the property after construction which will constitute impervious area or impervious surface and vegetated areas.

- Q. Architectural drawings, such as elevations, concept sketches or renderings depicting building types and other significant proposed improvements including the treatment and use of open spaces, etc., where the submission of such drawings would more clearly portray the nature and character of the applicant's land use and development proposals.
- R. Legal description in metes and bounds of the total site area proposed for rezoning, development or specific use permit.
- S. Signature, title and date of the applicant, shall be placed at the conclusion of the written documents. The application shall be prepared by an appropriate licenced professional certifying that the information presented in the plans, and supporting documents reflect a reasonably accurate portrayal of the general nature and character of the applicant's proposals.

5.33 SIGN REGULATIONS

The regulations established in this Section are intended to provide minimum standards to safeguard life, property, and public welfare, and to regulate and control the use, materials, construction, location, number, maintenance, and the permitting of certain onsite signs and sign structures. In addition, the Ordinance is intended to enhance the beauty of the City by limiting visual clutter. The provisions of this Section are not intended to permit a violation of any provision of any other ordinance or federal or state law.

5.33.1 GENERAL STANDARDS

- A. **Height of signs:** Sign height shall be measured from ground level at the base of the sign to the highest part of the sign.
- B. **Building & electrical codes applicable:** All signs must conform to the regulations and design standards of the Building Code and other ordinances of the City of Hillsboro. Wiring of all electrical signs must conform to the electric code of the City of Hillsboro.
- C. **Illumination of signs:** Signs shall be designed, located, shielded, and directed to prevent the casting of glare or direct light from artificial illumination upon adjacent public right-of-way and surrounding property.
- D. **Requirement to repair:** Whenever a sign is damaged by wind, is inadequately maintained, is of faulty construction, or is damaged by any other cause, it shall be considered a public nuisance and the owner shall be required to repair such sign to its original condition or, at the owner's election, such sign shall be removed. A sign which has been permitted to remain in place as a nonconforming use shall be removed when the sign, or a part of it, is blown down or otherwise destroyed or dismantled for any purpose other than maintenance operations or for changing the letters, symbols, or other material on the sign. For purposes of this ordinance, a sign or a substantial part of it is considered to have been destroyed if the cost of repairing the sign is more than fifty percent (50%) of the cost of erecting a new sign of the same type at the same location.

City of Hillsboro – Article 5, Supplemental Provisions

- E. **Placement of signs:** No sign may be erected or placed on public right-of-way. Any signs so erected or placed may be removed by the designated official without notice.
- F. **Visibility triangle:** No permanent or temporary sign over 3 ft. in height shall be located to block visibility at any intersection of public roadways or intersection of public roadway with a private drive.
- G. **Noncommercial messages:** Any sign authorized in this Ordinance is allowed to contain a noncommercial message in place of any other authorized message.
- H. **Off premise signs:** Off premise signs shall be prohibited in the City of Hillsboro, with the exception of builder's directional signs, church/civic/charitable directional signs, or instructional signs, when written permission has been given by the property owner and such documentation is provided to the designated City Official.
- I. **Painted signs:** No sign shall be permitted to be painted on the wall of any building or on any part of a building.

5.33.2 PROHIBITED SIGNS

The following signs are prohibited from installation, construction, repair, alteration, or relocation within the City, except as otherwise permitted in this Ordinance:

- A. Off-premise pole or pylon signs (billboards), with the exception that signs adjacent to I-35 are permitted (See "Schedule for Permanent Signs").
- B. Roof signs.
- C. Portable signs, "A" Frame Signs, or Sandwich Board Signs except as used by Agencies and Departments of the City of Hillsboro for public service/safety announcements or information and then only with the approval of the City Manager or his/her designee, or as otherwise designated in this ordinance.;
- D. Moving, flashing, animated, or rotating signs, signs with moving lights, or signs which create the illusion of movement, except for reader boards which convey a message;
- E. Signs placed on or affixed to vehicles and/or trailers which are parked on a public right-of-way, public property, or private property so as to be visible from a public right-of-way where the apparent purpose is to advertise a product or direct people to a business or activity located on the same or nearby property. However, this does not prohibit signs placed on vehicles and trailers that are incidental to the primary use or ownership of the vehicle or trailer as transportation;
- F. Signs attached to utility poles or other surfaces which are not the property of the utility or serve a public purpose located within a public right-of-way or easement.

5.33.3 ON-SITE SIGNS EXEMPT FROM REGULATION

The following on-site signs are exempt from the provisions and regulations of this Section:

- A. Public signs. Signs required by governmental bodies or specifically authorized for a public purpose by any law, statute, or ordinance. Such public signs may be of any type, number, area, height, location, or illumination as required by law, statute, or ordinance.
- B. Signs on vehicles. Signs placed on or affixed to vehicles and/or trailers where the sign is incidental to the primary use of the vehicle or trailer as transportation.

City of Hillsboro – Article 5, Supplemental Provisions

- C. Warning signs. Signs warning the public of the existence of danger but containing no advertising material; to be removed within three days upon the subsidence of danger. Such warning signs may be of any type, number, area, height, location, or illumination as deemed necessary to warn the public of the existence of danger.
- D. Flags. Flags of governmental entities or non-profit organizations. Nothing in this Ordinance shall be construed to prevent the display of a national or state flag, or to limit flags, insignias, or legal notices, or informational, directional, or traffic signs which are legally required and necessary to the essential functions of government agencies.
- E. Governmental signs. Signs of a duly constituted governmental body, including traffic or similar regulatory devices, legal notices, warnings at railroad crossings, and other instructional or regulatory signs having to do with health, hazards, parking, swimming, dumping, etc.
- F. Address numerals. Address numerals and other signs required to be maintained by law or governmental order, rule, or regulation are allowed, provided that the content and size of the sign do not exceed the requirements of such law, order, rule, or regulation.
- G. Athletic signs. Signs used as scoreboards in athletic stadiums.
- H. Off premise signs: Off premise signs shall be prohibited in the City of Hillsboro, with the exception of builder's directional signs, church/civic/charitable directional signs, governmental instructional signs, or instructional signs, when written permission has been given by the property owner and such documentation is provided to the City Official. Written permission and documentation to the City Official shall not be required for the placement of governmental instructional signs.
- I. Directory signs. Signs which are located in or adjacent to entrances or foyers.
- J. Instructional signs. Signs providing no advertising of any kind, which provide direction or instruction to guide persons to facilities intended to serve the public, including but not specifically limited to the signs identifying restrooms, public telephones, public walkways, parking areas, and other similar facilities.
- K. Political Signs. (Permit not required but otherwise regulated.)
- L. Seasonal decorations when located on property used for residential purposes.
- M. Governmental instructional signs. Signs placed by City of Hillsboro, which provide direction or instruction to guide persons to facilities intended to serve the public, including but not specifically limited to signs identifying restrooms, public telephones, public walkways, parking areas, places of business open to the public, and other similar facilities.

5.33.4 PERMIT REQUIREMENTS

Except as herein provided, no permanent on-site sign shall be erected, placed, displayed or located without first obtaining a sign permit from the City.

- A. **Application for Permit:** Application for a permit for a permanent sign shall be made in writing upon forms furnished by the Community Development Director. Such application shall contain the location by street and address number of the proposed sign, height, area, sign function, as well as the name, address and phone number of the owner and sign contractor or erector. The Community Development Director may require the filing of plans or other pertinent information which, in the Community Development Director’s opinion, is necessary to ensure compliance with this Ordinance.
- B. **Termination of Permit:** A sign permit may be terminated in accordance with the following provisions:
 - a. a permit shall be active for the life of the sign, as long as it is in compliance with this Ordinance;
 - b. permit shall be terminated if the sign for which it has been issued has not been constructed within one (1) year from the date of issuance; or
 - c. a permit issued for any sign including its supporting structure shall automatically terminate in the event the sign shall fail and not be corrected within sixty (60)days

C. **Permit Fees:** A sign permit fee shall be paid to the City in accordance with the most current fee schedule adopted by the City.

5.33.5 NONCONFORMING ON-SITE SIGNS

Any existing on-site sign that does not conform to the regulations stated herein shall be deemed a nonconforming sign and shall be subject to the provisions of nonconforming uses as provided in the City of Hillsboro Zoning Ordinance. It is the declared purpose of this Section that nonconforming signs and signs directing attention to nonconforming uses eventually discontinue and the signage comply with the regulations stated herein, having due regard for the investment in such signs.

5.33.6 REMOVAL OF NONCONFORMING ON-SITE SIGNS

The City Council may order nonconforming on-site signs which (1) are permanently affixed to the ground on the effective date of this Ordinance, (2) were erected in conformity with City ordinances in effect at the time of their erection and (3) remain in place after six months from the effective date of this Ordinance, to be removed upon and subject to compliance with Chapter 216, Texas Local Government Code.

5.33.7 ON-SITE SIGNS FOR A NONCONFORMING USE

Any lawfully existing nonconforming use or building may erect and maintain a sign in accordance with the regulations contained herein.

5.33.8 MERITORIOUS EXCEPTIONS AND APPEALS

It is not the intention of these criteria to discourage innovation. It is entirely conceivable that signage proposals could be made that, while clearly nonconforming to this Article and thus not allowable under these criteria, have obvious merit in not only being appropriate to the particular site or location, but also in making a positive contribution to the visual environment.

Upon request of an interested party, the City Council, upon recommendation by the Planning and Zoning Commission, shall hear and shall seriously and fairly consider a request for a meritorious exception under this Section.

5.33.9 PROHIBITION

All on-site signs not specifically authorized herein are prohibited. The Community Development Director shall have the authority to remove any sign in violation of this Ordinance which is not permanently affixed to the ground on the effective date of this Ordinance.

5.33.10 DEFINITIONS

For the purposes of this Section, the following definitions shall apply:

Area of Sign. The total area within the extreme rectangular perimeter of the attraction area intended to draw attention to the sign. Supporting structures shall not be included in the calculations. The area of the sign with two (2) faces, approximately opposed, shall be that of the larger face if such condition prevails; but, if the angle between the panes of the opposing faces exceeds thirty (30) degrees, the total area of both faces shall be considered the sign area. For multi-sided or circular signs, the calculation shall include all of the projected area.

City of Hillsboro – Article 5, Supplemental Provisions

Awning. An architectural projection which provides weather protection, identity, or decoration, and is supported by the building to which it is attached. It is composed of a lightweight rigid or retractable skeleton structure over which another cover is attached, which may be of fabric or other material. Such sign may be raised or retracted to a position against the building, and may be illuminated.

Banner. A sign made of paper, plastic, or fabric, with or without a frame, containing characters, letters, illustrations, or ornamentations applied to paper, plastic, or fabric. Banner does not include a flag.

Billboard. A sign which directs attention to a business, person, organization, activity, event, place, commodity, product, or service conducted, sold, or offered at a location other than the premises on which the sign is located.

Builder's Directional Sign. A temporary sign which provides direction or instruction to guide persons to sites where new homes are under construction, usually off-premise.

Canopy. A structure made of metal or other material with a frame supported by either one (1) or more columns or the building to which it is accessory, and which is open on two (2) or more sides.

Church/Civic/Charitable Directional Sign. An off-premise sign which provides direction to guide persons to a church, civic organization meeting place, or other charitable organization offices.

Construction Sign. A temporary sign identifying individuals or companies involved in design, construction, wrecking, financing, or improvements of the premises where work is under construction.

Directory Sign. A sign which indicates the name and/or address of the tenants or occupants, the address of the premises, and/or identification of any business or occupation which may exist on the premises.

External illumination. Illumination of a sign by an artificial source of light which is not contained within the sign itself.

Flag. Any fabric containing distinctive color, pattern, or symbols, used as a symbol of a government, political subdivision, non-profit organization, or corporation that is flown from flagpoles.

Flashing Sign. An illuminated sign on which the artificial source of light is not maintained stationary or constant in intensity and color at all times when the sign is illuminated. For the purpose of this ordinance, any moving illuminated sign affected by intermittent lighting shall be deemed to be a flashing sign.

Gross Surface Area. The area of the smallest rectangle enclosing the extreme limits of characters, lettering, illustrations, ornamentation, or other fixtures, material, or color forming part of the sign. Structural supports bearing no sign copy shall not be included in gross surface area; however, if any portion of the required structural supports become enclosed for decorative or architectural purposes, that portion will be included in the total gross surface area of the sign. Gross surface area shall be measured on one (1) side only of a two-faced (back to back) sign carrying the same image and message on both

City of Hillsboro – Article 5, Supplemental Provisions

faces. Two-faced signs carrying different messages and images on each side shall be considered as separate signs.

Ground Sign. A sign not wholly supported on a building, or which has its main supporting structure depending on the ground for attachment.

Illuminated Sign. A sign which has characters, letters, figures, or designs illuminated by electric lights, luminous tubes, or other means that are specifically placed to draw attention to, or provide night time viewing of, the subject matter on the sign face.

Illumination, External. Lighting by means of an unshielded light source (including neon tubing) which is effectively visible as an external part of the sign.

Illumination, Internal. Lighting by means of a light which is within a sign having translucent background, silhouetting opaque letters, or designs, on which letters or designs are placed, which are themselves made of translucent material.

Incidental Signs. Small signs of a non-commercial nature, intended primarily for convenience of the public. Included are signs designating restrooms, address numbers, hours of operation, entrances to buildings, directions, help wanted, public telephones, and so forth.

Inflatable Sign. Any display capable of being expanded by air or other gas and used on a permanent or temporary basis to advertise a product or event.

Instructional Sign. A sign limited to directional messages, principally for pedestrian and vehicular traffic, such as one-way, entrance, and exit.

Logo. Any design or insignia of an organization, individual, company, or product which is commonly used in advertising to identify that organization, individual, company, or product.

Marquee. Any hood or awning or permanent construction projecting from the wall of a building or other structure containing either permanent or changeable advertising.

Menu Board. A sign displaying the menu for a drive-up window for a food establishment.

Monument Sign. A permanent ground sign generally constructed out of brick, stone, or cast concrete supported on a concrete foundation across the entire base of the structure.

Moving Sign. A sign which revolves, rotates, swings, undulates, or otherwise attracts attention through the movement of parts or through the impression of movement, including automatic electronically controlled copy changes, but not including flags, banners, or pennants.

Nameplate Sign. An on-premise non-illuminated sign identifying only the name, address, and/or profession of the occupant of the premises on which the sign is located.

Off-Premise Sign. A sign which directs attention to a business, person, organization, activity, event, place, commodity, product or service not conducted, sold, or offered upon the premise on which the sign is located.

On-Premise Sign. A sign which promotes or advertises a business, person, organization, activity, event, place, commodity, product, or service which is conducted, sold, or offered upon the premise where the sign is located.

5.36.2 LOCATION ON-PREMISE PARKING

- A. Required commercial and residential off-street parking spaces shall be located on the same lot, tract, parcel, or premises as the use being served or on other property of the same or less restrictive zoning classification that the owner of the premises being served has a continuing right to use for parking.
- B. When the required off-street parking spaces are not located on the same lot, tract, parcel, or premises being served, the distance from the parking lot to an entrance to the building or use shall not exceed three hundred (300) feet in distance, measured along the shortest available pedestrian route with public access.

5.36.3 GENERAL PARKING REGULATIONS

- A. **Reduction:** If the applicant can provide documentation that required parking spaces exceed the number necessary for the proposed use of the premises, a reasonable alteration of spaces may be approved. Such reduction shall not exceed fifteen percent (15%) of the total required spaces and shall require a special exception from the Board of Adjustment.
- B. **Existing parking spaces:** In cases when new development is being proposed for a site where development already exists, existing parking spaces may only be used to satisfy additional off-street parking requirements if the existing spaces exceed the number of spaces required by this ordinance for the existing use.
- C. **Drive lane widths and parking space sizes:** Drive lanes and parking space sizes shall be required as shown in the following illustration. A driveway for access to any non-residential, single parking space or to a parking lot shall not measure less than that shown in the parking layout illustration. All drive approach widths shall be no less than those indicated in the below graphic. All two-way drive lanes shall be a minimum of twenty-four (24) feet in width. Parking spaces shall be nine (9) feet wide by eighteen (18) feet deep for all ninety (90) degree parking spaces. Angled spaces shall be as

Parking Angle	Stall Width (B)	Stall Depth (C)	Min. Aisle Width		Aisle Length Per Stall (E)	Module Width

shown in the illustration.

D. **Parking access requirements:** Parking areas which would require the use of public right-of-ways for maneuvering shall not be acceptable for the furnishing of required off-street parking spaces other than for single-family detached and duplex dwelling structures. Parking parallel at the curb on a public street shall not be substituted for off-treet requirements.

E. **Wheel stops (curb stops):** When vehicles extend over the curb, wheel stops shall be required for all head-in parking spaces adjacent to landscaped areas. Wheel stops shall be designed so that the overhang of vehicles is contained totally within the parking space. When wheel guards are used, they shall be centered 3 feet from the property line for 90 degree parking, 2.3 feet for 60 degree parking, and 2.0 feet for 45 degree and 30 degree parking.

F. **Striping:** All parking lots shall be striped in a manner that will clearly delineate parking spaces, fire lanes, and pedestrian crosswalks. In large lots with two-way drive lanes, directional arrows shall be provided. Directional arrows shall be provided for all one-way drive lanes and driveways.

G. **Central Business District:** Buildings and land uses within the Central Business District shall be exempt from requirements to provide off-street parking provided that when off-street parking is furnished, it shall be approved by the Community Development Director.

H. **Mixed use buildings:** Where a building or a site contains two (2) or more uses, the off-street parking requirement shall be computed as the sum of the required off-street parking spaces for each individual use with the exception of shopping centers and multi-use purposes.

I. **Restricted Neighborhood Commercial (RNC) District:**

- a. If an existing residential structure in a block face in which one or more residential structures remain is converted to a business use in the RNC District, the parking for that structure shall be provided in the rear yard of the lot on which that structure is located.
- b. Any structure in any block face that is across the street from a block face that contains one or more residential structures or that has one or more lots zoned for residential use must provide parking to the rear of the structure.
- c. A structure on a lot zoned RNC may provide parking in front of the structure if there are no remaining structures in the block face that remain in residential use and the structure is across the street from a non-residential zoning district.
- d. If a structure is located on property that is a through-lot in a block zoned RNC, the parking must be provided on the side of the property that is adjacent to the arterial street.

5.36.4 RESIDENTIAL PARKING DEVELOPMENT STANDARDS

City of Hillsboro – Article 5, Supplemental Provisions

The following regulations shall apply to all residentially zoned districts and apply to any required front or side yard being used to park or store vehicles, including boats and trailers:

- A. All vehicles which are parked or stored on private property in residential areas are to be on a paved surface. The paved surface may be concrete, asphalt, or concrete pavers (normally used in paving construction and to be two (2) inches or more in thickness). Gravel driveways and parking areas may be approved under special conditions by the Building Official.
- B. Pavers are not to exceed one-half (1/2) inch above the surface of the yard in which they are placed to allow them to be properly mowed and trimmed around;
- C. Vehicles are to be completely resting on such surfaces from the point they leave the public street to the point upon which they are parked or stored;
- D. All vehicles which are parked or stored in a required rear yard shall be placed behind screening partitions of fencing materials or dense vegetation so as to obscure the vehicle from view from a public street;
- E. All vehicles shall be so parked in relation to the street and dwelling at right angles and not to extend over any walkway or be closer than eight (8) inches from the back of the curb so they will not obstruct the pedestrian ways; or
- F. Any vehicle found in violation of this provision must be made operable or moved to an enclosed building within ten (10) days from the notification of such condition existing. All repeat violations which occur at the same address shall be subject to immediate penalties and/or fines as allowed by law.

5.36.5 NON-RESIDENTIAL PARKING DEVELOPMENT STANDARDS

The off-street parking or loading facilities required for nonresidential uses mentioned in these regulations shall be paved according to any of the following standards:

- A. Four (4) inches of reinforced Portland Cement concrete over compacted sub-grade in districts;
- B. Not less than two (2) inches of hot mixed asphalt over at least six (6) inches of lime treated sub-grade in all districts;
- C. Not less than two (2) inches of hot mixed asphalt over six (6) inches of crushed stone, flexible base in I-1 or I-2 zoned districts only;
- D. Lots shall be graded and drained in such a manner that run-off shall be properly channeled into a storm drain, watercourse, pond area or other appropriate facility; and
- E. To insure that all requirements set forth in this section are carried forward, it will be the responsibility of the owner of the parking area to maintain the facility. All off-street parking areas shall be kept free of trash, debris, vehicle repair operation or display and advertising uses. At no time after initial approval of the parking area layout can changes be made in the location and number of provided spaces without approval of the city.

5.37 PARKING FOR SPECIAL EVENTS AND OTHER ONE-TIME EVENTS

"Special Event" means a festival, celebration, performance or other such special event which occurs no more frequently than once per year, and which will or should be reasonably

City of Hillsboro – Article 5, Supplemental Provisions

anticipated to attract patrons or visitors in such numbers as to exceed the capacity of the permanent parking spaces required and provided under other provisions of this section for the property upon which the special event is to be held. Events which are conducted more frequently than once per year are not considered "special events" under the provisions of this subsection, and the property upon which these events are conducted must conform to the other provisions of this Article concerning parking requirements.

- A. The persons or entities conducting any such special event shall submit to the Community Development Director at least forty-five (45) business days prior to said event a plan for the accommodation and parking of vehicles of persons reasonably expected to attend such event. The plan must include, at a minimum, the following information:
- a. a description and the address of the premises where the event is to be held;
 - b. a description and the address of any property, other than the premises described in (a) above, where parking is to be provided for patrons or visitors to the event;
 - c. the name and address of the owner of the premises upon which parking for the event is to be provided, and a statement describing the terms and conditions of the agreement whereby the owner of such premises has authorized their use for parking;
 - d. the dates and times that the event is to be held;
 - e. the measures which will be taken by the persons or entities conducting the special event to ensure safe and orderly traffic flow to and from the event site and any parking area; and
 - f. a plan or diagram of the proposed layout of the parking scheme upon the property to be used for parking for such event.
- B. All parking for any such special event shall be provided off-street and on an area and surface reasonably anticipated to be dry and safe for vehicular and pedestrian traffic. No public property or rights-of-way may be utilized or included in such parking areas except upon express, prior written permission by the City Council.
- C. Subject to the above requirements, the surface of such parking areas need not be paved or otherwise surfaced as required by the other provisions of this Article for permanent parking areas, but it must be suitable for the type and amount of vehicular and pedestrian traffic reasonably anticipated for the special event at issue.
- D. Upon submittal of the required parking plan to the City, the Community Development Director shall review it and shall advise the applicants whether any changes or modifications to said plan will be required. The Community Development Director has the sole discretion to approve or reject, or require modifications to, any parking plan required hereunder. No vehicles may be parked in any location not otherwise allowed under other subsections of this Section, in connection with any special event, unless and until the City Council has issued a written approval of the parking plan of the special event.
- E. Such written permission may be revoked at any time by the City Council if it is found that false or misleading information was contained in the proposed parking plan.

5.38 PARKING FOR HANDICAPPED

All areas of newly designed or newly constructed buildings and facilities required to be accessible under federal and state law shall comply with the standards set forth in the Texas Accessibility Standards of the Architectural Barriers Act, Tex. Rev. Civ. Stat. Art. Ann. §9102

- A. The dimensions of each "H" parking space shall be twelve (12) feet wide and eighteen (18) feet long.
- B. Each and every "H" parking space required by this Section of the parking regulations or by other applicable regulations shall be clearly identified as reserved for the handicapped.
- C. The number of "H" parking spaces required shall be determined by the following table:

Total Parking Spaces	Number of Accessible
1 to 25	1
25 to 50	2
51 to 75	3
76 to 100	4
101 to 150	5
151 to 200	6
201 to 300	7
301 to 400	8
401 to 500	9
501 to 1,000	2% of total
More than 1,000	20 plus one for each 100 over

5.38.1 OFF-STREET LOADING REQUIREMENTS

Provisions for loading and unloading shall be provided on the site according to the following regulations:

- A. In the following cases all retail, office and service buildings shall provide and maintain off-street facilities for the loading and unloading of merchandise and goods within the building or on the lot adjacent to a public alley or private service drive to facilitate the in movement of traffic on the public streets:
 - a. when deliveries are made by truck more than once a day between the hours of 8:00 a.m. and 6:00 p.m.;
 - b. when the time of loading and unloading materials or goods exceeds ten (10) minutes between those hours; or

City of Hillsboro – Article 5, Supplemental Provisions

c. individual loading space dimensions shall be required as a minimum to be thirty-five (35) feet in length, twelve (12) feet width with a height clearance of fifteen (15) feet.

B. The number of off-street loading spaces shall be placed according to the following table:

Square Feet of Gross Floor Area in Structure	Maximum Required Spaces or Berths
0 to 10,000	None
10,000 to 50,000	1
50,000 to 100,000	2
100,000 to 200,000	3
Each additional 200,000	1 Additional

Buildings and land uses in CBD, Central Business District, shall be exempt from the off-street loading requirements of this Chapter unless an owner or occupier of business property in the CBD, Central Business District, elects to provide off-street loading facilities, in which event, such facilities shall be approved as provided in these regulations.

5.38.2 ADDITIONAL REGULATIONS

Nothing in this Section shall require the furnishing of additional parking spaces for buildings existing and used on the date of adoption of this ordinance. However, any enlargement or addition to an existing building shall not be approved unless such building and addition or enlargement shall be brought into full compliance with the provisions of this Section.

5.39 NON-RESIDENTIAL MASONRY AND ARTICULATION REGULATIONS

The following design requirements shall apply in the NC, RNC, OP, C and CBD Districts.

- A. Exterior Masonry Requirements: Structures in applicable zoning districts shall be a minimum of seventy-five percent (75%) masonry construction. Masonry material shall be defined as brick, stone, stucco, decorative block or sheet masonry products such as “Hardiplank/Hardiboard”. Alternative materials of similar characteristics may be allowed upon approval of the City Council. (Masonry does not include exterior insulated finish systems (EIFS). Metal buildings used as a main structure without a masonry or wood exterior surface shall be prohibited.
- B. Articulation: The structure shall include articulation in the walls and roof design. Single, uninterrupted surface-planes shall not be permitted. The roof of the structure may be a flat roof construction, but must provide a variation of the roofline, which may include a pitched roof for architectural relief.
- C. Facades shall meet the following minimum standards for articulation:

City of Hillsboro – Article 5, Supplemental Provisions

- a. Horizontal Articulation: No building wall shall extend for a distance over one hundred (100') feet without having an off-set of at least three (3') feet, and that new plane shall extend for a distance of at least ten (10') feet.
- b. Vertical Articulation: No horizontal wall shall extend for a distance over one

hundred (100') feet without changing height by a minimum of three (3') feet.

5.40 HOME OCCUPATIONS REGULATIONS

The purpose of the home occupation provisions is to permit the conduct of home occupations which are compatible with the neighborhoods in which they are located.

5.40.1 REGULATIONS

Home occupations are a permitted accessory use in all residential districts and are subject to the requirements of the district in which the use is located, in addition to the following:

- A. Only the members of the immediate family occupying the dwelling shall be engaged in the home occupations;
- B. The home occupation shall be conducted only within the enclosed area of the dwelling unit or the garage;
- C. There shall be no exterior alterations which change the character thereof as a dwelling and/or exterior evidence of the home occupation;
- D. No storage or display of materials, goods, supplies, or equipment related to the operation of the home occupation shall be visible outside any structure located on the premises;
- E. No use shall create smoke, glare, noise, dust, vibration, fire hazard, small electrical interference or any other nuisance not normally associated with the average residential use in the district;
- F. The home occupation shall not create any greater vehicular traffic than normal for the district; and
- G. No signs of any kind shall be allowed on premises advertising a home occupation or service.

5.41 ACCESSORY BUILDING REGULATIONS

5.41.1 INTENT OF REGULATIONS

It is the expressed intent of this Section to regulate the placement, size, number of and height of any and all detached accessory use structures commonly referred to as storage buildings and similar structures.

5.41.2 AREA ALLOWED

The maximum allowable area for any accessory building or accumulative total floor area is four hundred and forty (440) square feet. There shall be no more than two buildings per lot. The total of buildings being not larger than twenty-five percent (25%) of the required rear yard of the lot as determined the zoning district.

5.41.3 CONSTRUCTION DETAILS

The maximum height allowed is twelve (12) feet, measured from the tallest portion of the building to the finished floor, providing the finished floor is not over eighteen (18) inches above the average grade of the yard on which the building is located. All buildings over one hundred twenty (120) square feet must be on a permanent foundation, either pier and beam or slab. Any single detached building in excess of three hundred (300) square feet of floor area shall be faced with materials similar in type and color to the principal structure. All detached structures must be kept maintained in a manner so as to prevent the weathering of the building materials. This shall be subject to the inspection by the Community Development Director or staff for ensuring compliance.

5.41.4 PERMIT REQUIRED

Building permits are required for any buildings over one hundred and twenty (120) square feet in area. The maximum number of detached storage buildings on the lot is two.

5.41.5 ROOF COVERING

Material of a minimum of twenty six (26) gauge thick aluminum or steel with proper protection by paint or other materials to prevent corrosion and oxidation or by application of composition shingles applied over approved decking. Corrugated galvanized metal and all fiberglass panels are expressly prohibited.

5.41.6 SETBACK

- A. Front Yard: Attached accessory buildings, including garages, shall have a front yard not less than the main building, or as specified in the particular district. Detached accessory buildings shall be located in the area defined as the side yard or rear yard.
- B. Rear Yard: There shall be a rear yard setback not less than five (5) feet from any lot line, alley line, or easement line. Garages or other accessory buildings located within the rear portion of a lot, as heretofore described, shall not be located closer than fifteen (15) feet to the main building nor nearer than five (5) feet to any side lot line.
- C. Only portable buildings may be located within any utility easement providing the owner has letters from all affected utility companies acknowledging and allowing its placement in the utility easement accompanying the permit application for such building.

5.42 NONCONFORMING USES, LOTS, AND STRUCTURES

5.42.1 CATEGORIES OF NONCONFORMITIES

Within the districts established by this ordinance, or established by amendments that may later be adopted, there exists:

- A. Lots and uses of land;
- B. Buildings and structures;
- C. Uses of land and buildings in combination; and
- D. Characteristics of use which were lawful before this ordinance was passed or amended, but which would be prohibited, regulated, or restricted under the terms of this ordinance or future amendments. It is the intent of this ordinance to permit these nonconformities to continue under regulations contained herein until they are removed, but not to encourage their survival. It is further the intent of this ordinance that such nonconformities shall not be enlarged upon, expanded or extended, nor be used as ground for adding other buildings and structures or uses prohibited elsewhere in the same district.

5.42.2 NONCONFORMING USES REGULATED

Nonconforming uses are declared by this ordinance to be incompatible with permitted uses in the districts involved. Nonconforming use of land or buildings, nor any nonconforming structure shall be enlarged, changed, altered, or repaired is prohibited except in conformance with the regulations contained in this Section.

5.42.3 NONCONFORMING STATUS

Any use, lot, or structure which does not conform to the regulations of the zoning district in which it is located, is nonconforming when:

- A. The use, lot, or structure was in existence and lawfully operating on the date of the passage of this ordinance, and has since been in regular and continuous use;
- B. The use, lot, or structure is lawful at the time of the adoption of any amendment to this ordinance, but because of the amendment, no longer complies with applicable regulations; or
- C. The use, lot, or structure was in existence at the time of annexation to the city and has since been in regular and continuous use.

5.42.4 NONCONFORMING LOTS OF RECORD

In any district in which residential, commercial, or industrial buildings are permitted, buildings may be erected on any single lot of record, or multiple lots of contiguous street frontage in the same ownership, which were recorded prior to the effective date of this ordinance. This provision shall apply even though such lot or lots fail to meet the minimum requirements for area, width, or both, as governed by the applicable area regulations for that particular zoning district; however, all other provisions of the applicable zoning district area regulations shall apply. Any required variances shall be obtained only through the Zoning Board of Adjustment.

5.42.5 NONCONFORMING USES OF LAND

Where at the time of passage of this ordinance lawful use of land exists which would not be permitted by the regulations imposed by this ordinance, the use may be continued so long as it remains otherwise lawful, provided:

- A. Nonconforming use shall not be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this ordinance;
- B. Nonconforming use shall not be moved, in whole or in part, to any portion of the same lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this ordinance; or
- C. If any such nonconforming use of land is deemed to be abandoned for any reason for a period of more than twelve (12) months, any subsequent use of such land shall conform to the regulations specified by this ordinance for the district in which such land is located.

5.42.6 NONCONFORMING BUILDINGS

Where a lawful building exists at the effective date of adoption or amendment of this ordinance that could not be built under the terms of this ordinance by reason of restrictions on area, lot coverage, height, yards, its location on the lot, or other requirements concerning the building, such building may be continued so long as it remains otherwise lawful, subject to the following provisions:

- A. Nonconforming building shall not be enlarged or altered in a way which increases its nonconformity, but any building or portion thereof may be altered to decrease its nonconformity or to comply with city building codes;
- B. Should such nonconforming building or nonconforming portion of a building be destroyed by any means to an extent of more than sixty percent (60%) of its replacement cost at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this ordinance, or when approved by the Zoning Board of Adjustment, after public hearing thereon, when the Board's findings, having due regard for the property rights of persons affected, were considered in the light of public welfare and the character of the area surrounding the nonconforming building and the conservation and protection of property; or
- C. Should such building be moved for any reason for any distance whatever, it shall thereafter conform to the regulations of the district in which it is located after it is moved.

5.42.7 NONCONFORMING USES OF BUILDINGS

If lawful use involving individual buildings exists at the effective date of adoption or amendment of this ordinance, that would not be allowed in a particular district under the terms of this ordinance, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

- A. Existing buildings devoted to a use not permitted by this ordinance in the district in which it is located shall not be enlarged, extended, constructed, reconstructed, moved or structurally altered except in changing the use of the building to a use permitted in the district in which it is located, or to comply with city building codes;
- B. Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this ordinance, but no such use shall be extended to occupy any land outside such building;
- C. If no structural alterations are made, except as required by the city's building codes, any nonconforming use of a building, or building and premises, may be changed to another nonconforming use provided that the zoning board of adjustment, either by general rule or by making findings in the specific case, shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the zoning board of adjustment may require appropriate conditions and safeguards in accord with the provisions of this ordinance;
- D. Any building in which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed;
- E. When a nonconforming use of a building is discontinued or abandoned for twelve (12) consecutive months, the building shall not thereafter be used except in conformity with the regulations of the district in which it is located;
- F. Where nonconforming use status applied to a building and premises in combination, removal or destruction of the building shall eliminate the nonconforming status of the land. Destruction for the purpose of this subsection is defined as damage to an extent of more than fifty percent (50%) of the replacement cost at time of destruction; or
- G. Where nonconforming use status applies to a conforming building, such use shall be immediately terminated upon transfer to another ownership or lease.

5.42.8 REPAIRS AND MAINTENANCE

On any nonconforming building or portion of a building containing a nonconforming use, work may be done in any period of twelve (12) consecutive months on ordinary repairs, or on repair or replacement of nonbearing walls, fixtures, wiring or plumbing, to an extent not exceeding fifty percent (50%) of the current replacement cost of the nonconforming building or nonconforming portion of the building, as the case may be, provided that the cubic content existing when it became nonconforming shall not be increased.

If a nonconforming building or portion of a building containing a nonconforming use becomes physically unsafe or unlawful due to lack of repairs and maintenance, and is declared by any duly authorized city official to be unsafe or unlawful by reason of physical condition, it shall not thereafter be restored, repaired or rebuilt except in conformity with the regulations of the district in which it is located.

Nothing in this ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

5.42.9 NONCONFORMING USES DISCONTINUED

A nonconforming use of any building or structure which has been discontinued shall not thereafter be returned to any nonconforming use. A nonconforming use shall be considered discontinued when:

- A. It has been replaced with a conforming use;
- B. Such building or structure is or hereafter becomes vacant and remains unoccupied or out of use for a continuous period of six (6) months, or the equipment and furnishings of the nonconforming use have been removed from the premises and have not been replaced within such six (6) month period; or
- C. The intention of the owner to permanently discontinue the use is apparent.

5.42.10 CHANGES THAT LESSEN NONCONFORMITY

Changing to a more restricted or less intensive nonconforming use that lessens the extent of the original nonconformity may be permitted by the Zoning Board of Adjustment.

5.42.11 CERTIFICATE OF OCCUPANCY

Nonconforming buildings or uses shall not be maintained, renewed, changed or extended until a Certificate of Occupancy shall have been issued by the Community Development Director. The Certificate of Occupancy shall state specifically wherein the nonconforming use differs from the provisions of this ordinance, provided that upon enactment or amendment of this ordinance, owners or occupants of nonconforming uses or buildings shall have three (3) months to apply for certificates of occupancy. Failure to make such application within three (3) months shall be presumptive evidence that the property was in conforming use at the time of enactment or amendment of this ordinance.

5.42.12 EXEMPTIONS

- A. The limitations and restrictions of this Section shall not apply to any single family residential use existing at the time of the adoption of this Ordinance.
- B. The limitations and restrictions of this Section shall not apply to any conforming uses lawfully existing at the time of the adoption of this Ordinance. When the use has been changed in the district from a permitted use to a use permitted by a Specific Use Permit (SUP), the conditions of the SUP shall remain in effect for the term of the SUP or until the use is abandoned or unoccupied for a period of six (6) months or more.

5.43 SCREENING AND BUFFER REQUIREMENTS

5.43.1 PURPOSE

Standards set forth in this Section are intended to encourage the appropriate use of land and conserve and protect the privacy and value of adjacent permitted uses. Regulations are prescribed for the location and type of various screening devices to be used when required in the various zoning districts or in this Section in accordance with the following standards:

- A. When a boundary of a non-residential Zoning District sides or backs upon an AR-1, SF-30, SF-9, SF-7, SF-5, ZLL, R2, MH, MF-12 or MF-29 district, a solid screening wall or fence of not less than eight (8) feet in height shall be erected on the property line separating these districts. The purpose of the screening wall or fence is to provide a visual barrier between the properties;

In the case of the RNC District, the following shall apply: When a lot line of a non-residential use in the RNC District is adjacent to a side lot line and/or a rear lot line of a residential use, a solid wood fence at least six (6) feet tall with a buffer strip of landscaping of a plant in the Shrubs or Trees sections of the Recommended Plant List at the end of Section 5.44 of the Zoning Ordinance shall be required. In cases where a property in the RNC District is across a non-arterial street from property in a residential zoning district the following buffers must be established:

- a. **Side Yard:** A ten (10) foot wide buffer inside the side property lines that consists of a solid wood fence that is at least six (6) feet tall with non-deciduous shrubs that are dense, fast growing, and can reach a mature height of at least twelve (12) feet planted no more than six (6) feet apart within four (4) feet of the fence and non-deciduous trees with a minimum trunk caliper of four (4) inches that will grow to a mature height of at least thirty (30) feet planted a maximum of forty (40) feet apart within eight (8) feet of the fence beginning at a point even with the front wall of the building at the corner of the building nearest the street and extending back to the point at which it intersects with either the rear buffer or is within ten feet of the rear property line. If overhead electrical lines are present, trees that will grow to a height that will not interfere with the electrical line may be substituted upon the approval of the Community Development Director. If smaller trees are substituted, the Community Development Director may require closer spacing between the trees to accomplish the screening purpose of this buffer. If any planting in the buffer dies, it must be replaced within ninety (90) days to maintain the integrity and intent of the buffer. The buffer described in this paragraph shall be in addition to the landscaping that is needed to meet the City of Hillsboro's requirements for landscaping on a property.
- b. **Rear Yard:** A twenty (20) foot wide buffer inside the rear property line that consists of a solid wood that is at least six (6) feet tall with non-deciduous shrubs that are dense, fast growing, and can reach a mature height of at least twelve (12) feet planted no more than six (6) feet apart within four (4) feet of the fence and non-deciduous trees with a minimum trunk caliper of four (4) inches that will grow to a mature height of at least thirty (30) feet planted a maximum of forty (40) feet apart within fifteen (15) feet of the fence extending between the side property

City of Hillsboro – Article 5, Supplemental Provisions

lines. If overhead electrical lines are present, trees that will grow to a height that will not interfere with the electrical line may be substituted upon the approval of the Community Development Director. If smaller trees are substituted, the Community Development Director may require closer spacing between the trees to accomplish the screening purpose of this buffer. If any planting in the buffer dies, it must be replaced within ninety (90) days to maintain the integrity and intent of the buffer. The buffer described in this paragraph shall be in addition to the landscaping that is needed to meet the City of Hillsboro's requirements for landscaping on a property.

- B. The owner of such property of the lesser restrictive use shall be responsible for and shall build the required wall or fence on his property line dividing his property from the more restrictive zoning district;
- C. Unless otherwise provided for herein, a screening wall or fence required under the provisions of this Section shall be constructed of a permanent, solid masonry material. Such wall or fence shall not contain openings constituting more than forty (40) square inches in each one square foot of wall or fence surface, and the surface of such wall or fence shall constitute a visual barrier;
- D. All wall or fence openings shall be equipped with gates compatible in height and screening characteristics to the wall or fence;
- E. In cases where City staff finds this requirement to be better met by a screen of living, irrigated plant materials, a landscape plan may be submitted in lieu of a screening wall. Such landscape screening must be no less than four (4) feet deep and must demonstrate screening characteristics equal to that of a masonry screening wall;
- F. In cases where City staff finds this requirement better met by a decorative fence or a combination of decorative fence and masonry screening wall and/or living plant materials, the same may be submitted to the City for approval along with a landscape plan;
- G. All required screening walls shall be equally finished on both sides of the wall;
- H. Required walls or fences shall not be constructed of chain link, barbed wire or other similar materials;
- I. Electric fences are not permitted in any zoning district;
- J. All required screening elements shall be permanently maintained by the nonresidential property owner; or
- K. Dumpsters and trash receptacles located on non-residentially zoned property and on sites used for non-residential purposes shall be located on a concrete pad constructed for that purpose. Said dumpsters and trash receptacles shall be screened on three (3) sides by a masonry wall and shall contain a solid self-latching gate. The masonry wall shall be of similar construction as the principal building. A screening device shall be erected along side and rear property lines adjacent to residential districts. The screening device shall be a minimum height of eight (8') feet, unless otherwise approved by City Council.

5.44 LANDSCAPE REGULATIONS

5.44.1 PURPOSE

It is the purpose of this Section to establish certain regulations pertaining to landscaping within the City. These regulations provide standards and criteria for new landscaping and the retention of existing trees which are intended to:

- A. Promote the value of property, enhance the welfare, and improve the physical appearance of the City;
- B. Reduce the negative effects of glare, noise, erosion and sedimentation caused by expanses of impervious and un-vegetated surfaces within the urban environment; and
- C. Preserve and improve the natural and urban environment by recognizing that the use of landscaping elements and retention of existing trees can contribute to the processes of air purification, oxygen regeneration, groundwater recharge, abatement of noise, glare and heat, provision of habitats for wildlife, and enhance the overall beauty of the City of Hillsboro.

5.44.2 LANDSCAPE REQUIREMENTS ESTABLISHED

These landscape regulations establish requirements in the AR-1, SF-30, SF-9, SF-7, SF-5, ZLL, R-2, MF-12, MF-29, MH, NC, RNC, OP, C, I-1 and I-2 zoning districts.

Non-residential uses located within the AR-1, SF-30, SF-9, SF-7, SF-5, ZLL, R-2, MF-12, MF-29, MH, RNC, zoning districts, which consist of principle structures, parking areas, and signage, shall be required to comply with the requirements contained in this Section.

5.44.3 EVENTS CAUSING COMPLIANCE

Land uses not previously subject to landscaping requirements may be required to comply with this Section upon the occurrence of one of the following events:

- A. A change in zoning;
- B. Requirement of landscaping as conditions of a Specific Use Permit;
- C. Issuance of a building permit; or
- D. Loss of legal non-conforming status.
- E. When a lot in the RNC District changes from a residential use to a non-residential use.

5.44.4 LANDSCAPING GENERALLY

- A. Landscape installation required:
 - a. Ten percent (10%) of the total land area in any lot upon which development or construction occurs for any use after the effective date of this ordinance, shall be landscaped in accordance with this Section; or
 - b. Ten percent (10%) of the required landscape area shall consist of shrubs, trees, and flowering plants.
 - c. In the I, Industrial districts, only the front yard percent twenty (20%) of the total ten percent (10%) shall be required. The rear and side yard landscape

requirements may be waived upon submittal of a landscape plan showing other requirements.

- B. Where the construction is to be a single phase of a multi-phase development, only the area being constructed in the current phase need be subject to the landscape regulations. However, each phase will be required to meet the landscaping requirements as they are being developed.
- C. The use of drought tolerant landscape materials is encouraged.
- D. Caliper of trees are to be measured at a point twelve (12) inches above top of ground.
- E. All landscaped areas shall be irrigated with an irrigation system designed according to current professional irrigations standards, unless the landscaping is a xeriscape design of native plants that does not need irrigation.

5.44.5 LANDSCAPE PLAN REQUIRED

The landscape plan may be prepared by the applicant or his/her designee. The landscape plan is not required to be prepared by a registered or certified professional.

A landscaping plan shall be submitted to the city for approval. The landscape plan may be submitted as a part of the site plan or as a separate submittal; however, a landscape plan meeting the requirements of this ordinance shall be provided and approved prior to the issuance of a building permit.

The landscape plan shall contain the following information:

- A. Drawn to scale; Minimum scale of one (1) inch equals fifty (50) feet;
- B. Location of all trees to be preserved. Method of tree protection during the construction phase of development shall be approved by the director of parks and recreation;
- C. Location of all plants and landscaping materials to be used including paving, benches, screens, fountains, statues, or other landscape features;
- D. Species of all plant materials to be used;
- E. Size of all plant materials to be used;
- F. Spacing of plant materials where appropriate;
- G. Layout and description of irrigation, sprinkler or water system, including placement of water sources;
- H. Description of maintenance provisions of the landscape plan;
- I. Persons responsible for the preparation of the landscape plan; and
- J. The location, spacing, size and species of trees to be used for credit must be shown on the landscape plan.

5.44.6 LOCATIONAL CRITERIA

- A. Not less than forty percent (40%) of the total required landscaping shall be located in the designated front yard.
- B. All landscape materials shall comply with visibility requirements of the Hillsboro Subdivision Regulations.

5.44.7 INSTALLATION AND MAINTENANCE

- A. All required landscaped area shall be permanently landscaped with living plant materials, and shall have either an irrigation system installed or shall be accessible to a bibcock, faucet, or other water source on the same lot or tract parcel. Synthetic or artificial lawn or plant materials shall not be used to satisfy the landscape requirements of this ordinance.
- B. Landscaped areas shall be kept free of trash, litter, weeds, and other such materiel or plants not a part of the landscaping.
- C. All plant materials shall be maintained in a healthy and vigorous growing condition as is appropriate for the season of the year. Maintenance shall include mowing, watering, trimming, pruning, etc.
- D. Plant materials which die shall be replaced with plant materials of similar variety and size within ninety (90) days, with a one time extension not exceeding ninety (90) days being provided upon approval of the director of community development or his designee.
- E. Areas of the required planting area that are not covered with plant materials (between and under plant materials), shall be permanently mulched with hardwood, pine bark or other suitable mulching materials.

5.44.8 LANDSCAPING OF PARKING LOTS

It is the intent of these landscape regulations to encourage design and construction of parking areas so that areas within the interior of the parking lot are landscaped as well as areas considered unusable for parking or maneuvering space. The following minimum requirements shall be observed:

- A. A minimum of five percent (5%) of the gross parking area shall be devoted to living plant materials. Gross parking area shall be measured from the edge of the parking and/or driveway paving and sidewalks;
- B. Interior areas of parking lots that contain landscaped areas shall be located so as to best relieve the expanse of paving;
- C. Landscape materials which are located within the interior of a parking lot shall be surrounded by a curb of four (4) inches in height;
- D. Landscaping within a parking lot shall not create a visibility obstruction. A visibility obstruction within a parking lot is defined as landscaping between) twenty-four (24) inches in height and seven (7) feet in height. No shrubs shall exceed twenty-four (24) inches in height at ultimate growth. Tree canopies shall be at least seven (7) feet above grade;

- E. Irrigation shall be provided to all required landscaping in accordance with *Section 5.44.4, Landscaping Generally*, of this ordinance; and
- F. Credit: For each new tree that is a minimum of three (3) caliper inches, located within a landscaped island in a parking lot, credit of one hundred (100) square feet will be provided. For the retention of each existing tree that is a minimum of eight (8) caliper inches, credit of two hundred (200) square feet will be provided. Credit for landscaping cannot reduce the overall parking lot landscape requirement by more than twenty percent (20%).

5.44.9 LANDSCAPING AS RELATED TO CERTIFICATE OF OCCUPANCY

All landscaping shall be completed and installed in accordance with the approved landscape plan prior to a Certificate of Occupancy being granted.

5.44.10 NONCONFORMING LANDSCAPING CONDITIONS

Developments, structures, and uses that are in existence at the time of the adoption of this ordinance which do not meet the requirements of this ordinance, shall be considered legal nonconforming. These nonconforming uses/structures will be subject to *Section 5.42, Nonconforming Uses*, of the Hillsboro Zoning Ordinance, unless otherwise provided for in this Section.

5.44.11 RELIEF FROM LANDSCAPING REQUIREMENTS

Upon completion of the following, relief from landscaping requirements may be granted in situations where the individual circumstances, such as the presence of existing facilities or unusual topography, limit the applicant's ability to comply with the landscaping requirements of this ordinance:

- A. The applicant shall provide the Community Development Director or his designee with an alternative landscape plan for review and approval;
- B. The said landscape plan will illustrate a plan to landscape area as available, provide for irrigation, and provide a phasing schedule for completing the plan; and
- C. The installation of landscaping as indicated by the landscape plan is completed and approved by the Community Development Director or his designee.

5.44.12 LANDSCAPING IN THE “MF” AND “MH” DISTRICTS

The following minimum requirements shall be observed for development located within the MF-12, MF-29 and MH districts:

- A. A landscape buffer of twenty (20) feet will be required along any property line abutting a residentially zoned district;
- B. Not less than twenty percent (20%) of the gross site area shall be devoted to open space, including required yards and buffer areas. Open space shall not include areas covered by structures, parking areas, driveways, and internal streets;
- C. Landscaping consisting of the planting of new or retention of existing shrubs, trees, and flowering plants shall be placed in the yard facing any public roadway;
- D. The method of irrigation must be indicated on site plan;

City of Hillsboro – Article 5, Supplemental Provisions

- E. All landscaping shall be permanently maintained. Should any plant material used in any landscaping required under this ordinance die, the owner of the property shall have ninety days after notification from the City to obtain and install a suitable replacement plant material; and
- F. Landscaped area shall be kept free of trash, litter, weeds, and other material or plants not a part of the landscaping.

5.45 TEMPORARY USES AND SPECIAL EVENTS

5.45.1 GENERALLY.

Certain temporary uses of land are essential to the full development and utilization of the land and are deemed to promote the health, safety, and general welfare of the City. The temporary uses and special events hereinafter enumerated shall not be deemed violations of this ordinance when conducted under the conditions herein provided.

5.45.2 PERMITTED TEMPORARY USES

The permitted temporary uses, the conditions of use, the zoning districts wherein the same shall be permitted, and approvals required are as follows:

City of Hillsboro – Article 5, Supplemental Provisions

- A. Construction Office: Temporary field or construction offices and temporary building material storage areas to be used solely for on-premise construction purposes in connection with the property on which they are erected, or within the same platted subdivision may be permitted in all zoning districts when approved by the Community Development Director. The application for a temporary use permit shall include a scale drawing showing the location and size of the building(s), all outside storage areas, and proposed construction fencing. Such permit shall be issued for temporary buildings on construction sites for a period of six (6) months, with a renewal clause for a similar period. Such buildings must be removed within thirty (30) days after substantial completion or abandonment of such new construction to which they are accessory, or upon the request of the Community Development Director or his/her designee.
- B. Temporary outdoor sales on properties zoned NC, OP, C, I-1, and L-2 by the existing occupants of existing businesses of such properties, may be permitted by the city enforcement officer for a period not to exceed thirty (30) days upon the application and granting of a temporary use permit.
- C. In no event shall such temporary uses be allowed for more than thirty (30) consecutive days or more than once per year. All sales shall meet the special conditions, if any, imposed by the city enforcement officer and/or fire marshal for the protection of public interest and the welfare of the community.
- D. No tent or similar structure shall be erected in any required setback or designated easement. Tents shall conform to the International Fire Code 2003 and no tent shall be erected without first obtaining a permit. No outside use of property for sales will be allowed except by the existing occupants of the property. This includes parking of vehicles for a purpose other than conducting business on the premises.
- E. The temporary outdoor sale of Christmas trees may be permitted on those properties zoned NC, OP, C, and I-1 and I-2 for a period of forty (40) days prior to Christmas Day. The Community Development Director may issue a permit for such sale when it is found that there is available adequate off-street parking area, either improved or unimproved, as determined by the Community Development Director; and that location and layout of drives, parking areas, lighting, and sale signs will not constitute a hazard to public travel on the abutting public streets. Trees, stands, equipment, trash, signs, lighting and shelters shall be removed by the permit holder no later than January 4 following the Christmas holiday.
- F. Carnivals and circuses may be allowed as a temporary use for a period not exceeding fourteen (14) consecutive days. Such events shall be on a site in the C, and I-1 and I-2 zoning districts. Adequate parking and sanitary facilities shall be made available to the satisfaction of the Community Development Director. No carnival or circus shall begin operation before 8:00 A.M. and operation shall cease before 11:00 P.M. on all nights except on Saturday when the event shall cease operation at midnight. The Community Development Director shall establish the terms and conditions for the temporary use at the time of approval. In the event that a sponsor is dissatisfied with the Community Development Director's decision, the sponsor may appeal the requested use to the City Council.

- G. Refreshment Stands (Temporary and Seasonal): Refreshment Stands shall be exempt from the area and masonry requirements of the underlying zoning district; however, they are subject to setback and masonry requirements as may be required by the Director of Community Development or his designee.

5.45.3 PERMITTED SPECIAL EVENTS

For the purpose of this Section, "Special Events" are defined as any activity or event meeting the following criteria:

- A. The event of activity is carried on for a period of time not exceeding three (3) consecutive days;
- B. No retail sales are conducted except those that are incidental to the primary activity such as refreshment and souvenir sales. Charitable and nonprofit organizations may conduct retail sales for fund-raising purposes in any zoning district;
- C. Public assemblies carried on out-of-doors or in temporary shelters or tents.

5.45.4 CONTENTS OF APPLICATION

An application for approval of a temporary use or special event shall include the following information:

- A. Brief description of the event;
- B. Exact location;
- C. Expected attendance;
- D. Anticipated number of automobiles and proposed methods of providing parking for the same;
- E. Location and construction of any temporary signs to be used in connection with the event;
- F. Exact dates of commencement and termination of the event;
- G. Signed certification by the responsible party and the record owner of the land that all information provided is true and correct and that all schedules will be strictly adhered to; and
- H. A fee in accordance with the City of Hillsboro fee schedule.

5.45.5 APPROVAL BY THE CITY COUNCIL

Approval of a permit for a temporary use or special event must be approved by the Community Development Director or his/her designee. The Community Development Director or designee may elect, at his/her discretion, to forward any request to the City Council.

5.46 OUTDOOR LIGHTING REQUIREMENTS

5.46.1 APPLICABILITY

All outdoor electrically powered illuminating devices shall be installed in conformance with the provisions of this Section, the Building Code and the Electrical Code of the City of Hillsboro as

applicable and under appropriate permit and inspection. These lighting standards shall apply to all non-residential uses in the City of Hillsboro. Unless otherwise stated, this ordinance does not regulate lighting in public road rights-of way.

5.46.2 OUTDOOR LIGHTING PLAN

An Outdoor Lighting Plan must be submitted separately from any required site plan or landscape plan on all public or private properties, including rights-of-ways, public easements, franchises and utility easements for approval by the Community Development Director. An Outdoor Lighting Plan shall be submitted prior to issuing a building permit. Plans shall include the following:

- A. A layout of the proposed fixture locations;
- B. The light source;
- C. The luminous area for each proposed light source with proposed foot candle measurements;
- D. The type and height of the light fixture or of the light source above grade; and
- E. The type of illumination.

5.46.3 GENERAL LIGHTING REQUIREMENTS

- A. Unless otherwise provided herein, illumination, where required by this Ordinance, shall have intensities and uniformity ratios in accordance with the current recommended practices of the Illuminating Engineering Society of North America (IESNA) as from time to time amended.
- B. Unless otherwise provided herein, all building lighting for security or aesthetics will be fully-shielded type, not allowing any upward distributing of light. Wall pack type fixtures are acceptable only if they are full-shielded with eighty (80) degree cut-off.
- C. No use or operation in any district shall be located or conducted so as to produce glare of either direct or indirect illumination across the bounding property line from a source of illumination into a residentially zoned property, nor shall any such light be of such intensity as to create a nuisance or detract from the use and enjoyment of adjacent property. For the purposes of this Section, a nuisance shall be defined as more than one tenth (0.10) of one foot-candle of light measured at the residential property line and twenty-five one hundredths (.25) of one foot-candle at any adjoining non-residential property line.
- D. Shielding shall be required in all outdoor lighting installations as specified below:

Lamp Type	Shielding
Low Pressure Sodium (LPS)	Fully Shielded, with 80° cut-off
High Pressure Sodium (HPS)	Fully Shielded, with 80° cut-off
Metal Halide	Fully Shielded, with 80° cut-off
Halogen	Fully Shielded, with 80° cut-off

Lamp Type	Shielding
Fluorescent	Fully Shielded, with 80° cut-off
Incandescent	Fully Shielded, with 80° cut-off
Any light source 50 watts and under	Unshielded Permitted
Low intensity Neon, Krypton or Argon Discharge Tubes	Unshielded Permitted

5.46.4 ILLUMINATION

- A. Measurement: Illumination levels of outdoor lighting shall be measured by a qualified professional according to generally accepted IESNA methods.
- B. Computation of Illumination. Illumination at a point may be computed in lieu of measurement. Computation methods shall consist of a generally accepted IESNA method, using certified photometric data furnished by the fixture manufacturer, lamp manufacturer, photometric laboratory, or other reliable authority satisfactory to the city. Computations shall be based on new, properly seasoned lamps, diffusers and other appurtenances in place and with proper regard taken for mounting height, relative elevation, natural and man made objects.

Footcandles	
Land Use Type	Horizontal
Single-family & two-family residential districts.	0.25
Non-residential districts	2.25

- C. Limitations on neighboring property. The limit of illumination on neighboring property from one (1) establishment shall be by zoning of the neighboring property. Maximum computed or measured footcandles at the neighboring property line shall not exceed:

5.46.5 NON-RESIDENTIAL LIGHTING PARAMETERS

- A. All non-essential lighting shall be turned off after business hours, leaving only necessary lighting for non-residential districts site security.
- B. Floodlights, accent, aesthetic and security lights must be fully shielded and no lighting shall be permitted except that lighting of seventy five (75) watts or less are excepted if necessary for security purposes.
- C. Parking lots and vehicle movement areas shall not exceed a maximum illuminating value of ten (10) foot-candles or a minimum illuminating value of 1.0 foot-candles. Lamps in decorative lantern type fixtures shall not exceed a maximum of one hundred (100) watts. Total pole and fixture height shall not exceed a maximum of thirty-two (32) feet, measured from grade at the base. Taller poles may be considered in some situations upon approval of a Special Exception by the Zoning Board of Adjustments.
- D. Display, building and aesthetic lighting must be externally lit from the top and shine downward. The lighting must be fully-shielded to prevent direct glare and/or light trespass. The lighting must also be substantially contained to the target area.
- E. Limitations on establishment property. The maximum outdoor initial computed or measured luminance level on the establishment property shall not exceed twenty (20) foot-candles outdoors at any point, except that lighting under canopies (such as service stations) shall not exceed forty (40) foot-candles.

5.46.6 PUBLIC AND SEMI-PUBLIC RECREATIONAL FACILITIES

Any light source permitted by this Section may be used for lighting of outdoor recreational facilities (public or private), such as, but not limited to, football fields, soccer fields, baseball fields, softball fields, tennis courts, or show areas, provided all of the following conditions are met:

- A. Any illumination level exceeding a maximum of twenty (20) foot-candle must receive prior approval by the Zoning Board of Adjustments;
- B. All fixtures used for event lighting shall be fully shielded, or be designed or provided with sharp cut-off capability, so as to minimize up-light, spill-light, and glare; and
- C. All events shall be scheduled so as to complete all activity before or as near to 10:30 p.m. as practical, but under no circumstances shall any illumination of the playing field, court, or track be permitted after 11:00 p.m. except to conclude a scheduled event that was in progress before 11:00 p.m. and circumstances prevented concluding before 11:00 p.m.

5.46.7 PROHIBITED LIGHTING ELEMENTS

Unless otherwise authorized, the following shall be prohibited except upon prior approval of a Special Exception by the Zoning Board of Adjustments:

- A. Laser Source Light. The use of laser source light or any similar high intensity light for outdoor advertising or entertainment, when projected above the horizontal is prohibited;
- B. Searchlights: The operation of searchlights for advertising purposes is prohibited.

5.46.8 EXEMPTIONS

- A. All temporary emergency lighting needed by the Police or Fire Departments or other emergency services, as well as all vehicular luminaries.
- B. All hazard warning luminaries required by Federal regulatory agencies are exempt from the requirements of this Section, except that all luminaries used must be red and must be shown to be as close as possible to the federally required minimum lumen output requirement for the specific task.
- C. Any luminarie of seventy five (75) watts or less provided the accumulated illumination of luminaries does not exceed seventy five (75) watts.
- D. Seasonal decorative lighting.

5.46.9 TEMPORARY EXEMPTIONS

- A. Upon approval by the Administration Official, temporary exemptions from the requirements of this ordinance for a period not to exceed thirty (30) days may be approved.
- B. Any person may submit a written request, on a form prepared by the City for a temporary exemption request. The request shall contain the following information:
 - a. specific exemption(s) requested;
 - b. type/use of outdoor lighting fixture involved;
 - c. duration of time requested;
 - d. type of lamp and calculated footcandles;
 - e. total wattage of lamp(s);
 - f. proposed location of fixtures;
 - g. previous temporary exemption requests;
 - h. physical side of fixtures and type of shielding provided;
 - i. such other data or information as may be required by the Community Development Director designee;
 - j. requests for renewal of exemptions shall be processed in the same way as the original request. Each renewal shall be valid for not more than fourteen (14) days or a time period designated by the Community Development Director; and
 - k. approval for temporary exemptions will be based on the effect of location and use of outdoor lighting fixture.

5.46.10 NON-CONFORMING LIGHTING

All luminaries lawfully in place prior to the date of the Ordinance shall be considered as having legal non-conforming status. However, any luminare that replaces a legal non-conforming luminare, or any legal non-conforming lumainare that is moved, must meet the standards of this Ordinance.

5.47 WIRELESS COMMUNICATION FACILITIES

5.47.1 PURPOSE

Certain radio equipment used in transmitting and receiving signal energy are essential and are deemed to promote the health, safety, and general welfare of the citizens of the City. The placement of such equipment shall be located such that the health, safety, welfare, and aesthetic quality of the community shall not be compromised. Therefore the regulations governing the location of such equipment shall consider the aesthetic quality of the community equal to the health, safety, and general welfare of the community. The antennas, masts, and towers hereinafter enumerated shall not be deemed violations of this ordinance when made under the conditions herein provided.

5.47.2 RESIDENTIALLY ZONED DISTRICTS-AMATEUR RADIO EQUIPMENT AND TV ANTENNAS

Amateur radio equipment, including ham radio and CB equipment and personal use TV antennas, shall be allowed in all residentially zoned districts if they comply with the following regulations:

- A. Antenna facilities may be building attached, monopoles, or lattice towers;
- B. Up to three (3) antenna facilities may be located on a lot of record, co-location is encouraged;
- C. An antenna facility, exclusive of the height of any antenna or mast, shall not exceed thirty-five (35) feet in height. Provided, however, that an antenna facility shall be permitted additional height at the ratio of one added foot in height for each additional foot of setback beyond the minimum setback required of an accessory building in the zoning district regulations contained in *Section 5.41, Detached Accessory Building Regulations*. Regardless of the above, the maximum height for a tower permitted without a Special Exception in any residential district shall be sixty-five (65) feet;
- D. The height of an antenna, including the height of any antenna facility to which they may be fastened or attached shall not exceed sixty-five (65) feet in height without a Special Exception;
- E. An antenna not fastened to a antenna facility shall not exceed fifty (50) feet without a Special Exception, except for an antenna which does not extend more than eight feet above a building on which it is mounted;
- F. An antenna facility shall be limited to having the number and size of antennas attached to it that are allowed by the antenna facility manufacturer's designs and specifications for maximum wind load requirements;
- G. Setbacks:
 - a. antennas and antenna facilities shall not be permitted in front or side yards. Guy wires are not permitted in front yards;
 - b. guy wires are permitted in required side and rear yards; and
 - c. setback for antenna facilities shall be the same as is required for accessory buildings in residential districts.

City of Hillsboro – Article 5, Supplemental Provisions

- H. Separation: There shall be no minimum or maximum separation requirements for antenna facilities from other structures on the same lot of record;
- I. Antenna facilities shall not be permitted in any easement;
- J. Lights: No auxiliary or outdoor lighting shall be allowed on antenna facilities located on residentially zoned property except such lights or lighting as may be required by the Federal Aviation Authority or the Federal Communications Commission;
- K. Construction standards: A building permit must be obtained prior to the construction and/or installation of an antenna facility. Antenna facilities must be installed as per the manufacturer's recommendations or under the seal of a registered professional engineer of the State of Texas. Regardless of the above, all such antenna facilities must meet the Electronic Industries Association Standard EIA-222-D, Structural Standards for Steel Antenna Towers and Antenna Supporting Structures and the Building Code;
- L. Maintenance: Antennas and/or antenna facilities obviously not in use or obviously in need of maintenance as determined by the Community Development Director, shall be removed or brought into compliance within thirty (30) days following notice given by the Community Development Director. This shall not preclude immediate action by the Community Development Director to safeguard life, limb, health, property, and public welfare;
- M. Parts of an antenna facility or any attachment thereto may not extend beyond the property lines of the owner of such antenna or antenna facility;
- N. Permits shall not be issued for the installation of an antenna facility on a multi-family structure or property unless a notarized statement of permission from the owner is presented to the building department; and
- O. All antenna facilities shall be subject to an inspection every five years by a qualified expert, such inspection to be conducted and charged for by the City in accordance with provisions in the building code.

5.47.3 NON-RESIDENTIAL DISTRICTS WIRELESS EQUIPMENT

Radio, television, microwave broadcast relay, receiving towers, transmission and re-transmission facilities, satellite receiving only earth stations (home dish antenna), and any electronic emission equipment of a commercial nature shall be allowed in the non-residential zoning districts if it complies with the following regulations:

- A. Up to three (3) antenna facilities may be located on a lot of record, co-location is encouraged;
- B. Antenna facilities shall be limited to building attached and monopoles only;
- C. An antenna facility, exclusive of the height of any attached antenna, shall not exceed three (3) feet in height. Provided, however, that an antenna facility shall be permitted additional height at the ration of one added foot in height for each additional foot of setback beyond the minimum setback required of a accessory building in the zoning district regulations herein. Regardless of the above, the maximum height for an antenna facility permitted without a Special Exception in any nonresidential district shall be sixty-five (65) feet;

City of Hillsboro – Article 5, Supplemental Provisions

- D. With the exception of stealth facilities, the height of an antenna, including the height of any antenna facility to which they may be fastened or attached, shall not exceed sixty-five (65) feet in height without a Special Exception;
- E. With the exception of stealth facilities, an antenna shall not extend more than eight (8) feet above a building on which it is attached;
- F. An antenna facility shall be limited to having the number and size of antennas attached to it that are allowed by the antenna facility manufacturer's designs and specifications for maximum wind load requirements;
- G. Setbacks: With the exception of stealth facilities, antennas and antenna facilities shall not be permitted in front or side yards;
- H. Antenna facilities shall not be permitted in any easement;
- I. Lights: Auxiliary or outdoor lighting shall not be allowed on antennas located on residentially zoned property except such lights or lighting as may be required by the Federal Aviation Authority or the Federal Communications Commission;
- J. Construction standards: A building permit must be obtained prior to the construction and/or installation of a tower, antenna, or mast. Antenna facilities must be installed as per the manufacturer's recommendations or under the seal of a registered professional engineer of the State of Texas. Regardless of the above, all such antenna facility and antennas must meet the Electronic Industries Association Standard EIA-222-D, Structural Standards for Steel Antenna Towers and Antenna Supporting Structures and the Building Code;
- K. Maintenance: Antenna facilities and antennas obviously not in use or obviously in need of maintenance as determined by the Community Development Director, shall be removed or brought into compliance thirty within days (30) following notice given by the Community Development Director. This shall not preclude immediate action by the Community Development Director to safeguard life, limb, health, property, and public welfare;
- L. An antenna facility or parts of or any attachment thereto may not extend beyond the property lines of the owner of such antenna or antenna facility;
- M. A permit shall not be issued for the installation of an antenna or antenna facility on a multi-family structure or property unless a notarized statement of permission from the owner is presented to the building department;
- N. All antennas, or antenna facilities shall be subject to an inspection every five (5) years by a qualified expert, such inspection to be conducted and charged for by the City in accordance with provisions in the Building Code;
- O. A Specific Use Permit must be obtained in nonresidential zoning districts for any antenna or tower which does not comply with the regulations specified hereinabove; and
- P. Stealth facilities, which meet the definition of stealth as provided in *Article 7, Section 7.51, General and Land Use Definitions, Stealth Facility*, shall be exempt from the height and location requirements of this Section. In addition, the Community Development

Director or his designee shall be the final authority as to whether or not any facility meets the definition of “stealth”.

5.47.4 WRITTEN REPORT UPON DENIAL OF REQUEST

The City of Hillsboro shall document any denial of a request to place, construct, or modify personal wireless service facilities in writing. Such documentation shall be supported by substantial evidence within the written record.

5.47.5 SATELLITE RECEIVE-ONLY ANTENNAS GENERALLY

Satellite receive-only antennas assist individuals in the receipt of satellite transmitted television signals. Satellite receive-only antennas shall not be deemed violations of this ordinance when made under the conditions herein provided. Such conditions are hereby found to be reasonable and clearly defined health, safety and aesthetic objectives.

5.47.6 SATELLITE RECEIVE-ONLY ANTENNAS

A satellite receive only antenna shall be allowed if it complies with the following:

- A. The satellite receive-only antenna is two meters or less in diameter and is located or proposed to be located in any area where commercial or industrial uses are generally permitted by non federal land use regulations or;
- B. The satellite receive-only antenna is less than one meter in diameter in any residential zoning district.

5.47.7 LARGE SATELLITE RECEIVE-ONLY ANTENNAS

Satellite receive-only antennas that are greater than one meter in diameter in residential districts or greater than two meters in diameter in non-residential districts shall be allowed in any zoning district if they comply with the following regulations:

- A. Only one satellite receive-only antenna per lot of record;
- B. A satellite receive-only antenna shall not exceed ten (10) feet in height;
- C. Setbacks;
- D. Front and side: Satellite receive-only antennas shall not be permitted in front or side yards;
- E. Rear: Meet the minimum setback as is required for accessory buildings in residential districts and as Satellite receive-only antennas shall be permitted in rear yards provided they for all buildings in nonresidential districts; satellite receive-only antennas from other structures on the same lot of record;
- F. Satellite receive-only antennas shall not be permitted in easements;
- G. Lights: Auxiliary or outdoor lighting shall not be allowed on satellite receive-only antennas except such lights or lighting as may be required by the Federal Aviation Authority or the Federal Communications Commission;
- H. Construction standards: A building permit must be obtained prior to the construction and/or installation of a satellite receive-only antenna. Satellite receive-only antennas must be installed as per the manufacturers recommendations or under the seal of a registered professional engineer of the State of Texas;

- I. Maintenance: Satellite receive-only antennas obviously not in use or obviously in need of maintenance as determined by the Community Development Director, shall be removed or brought into compliance within thirty (30) days following notice given by the Community Development Director. This shall not preclude immediate action by the Community Development Director to safeguard life, limb, health, property, and public welfare;
- J. Any part of a satellite receive-only antenna or any attachment thereto may not extend beyond the property lines of the owner of such satellite receive-only antenna;
- K. A permit shall not be issued for the installation of a satellite receive-only antenna on a multi-family structure or property unless a notarized statement of permission from the owner is presented to the Building Department;
- L. All satellite receive-only antennas shall be screened from view from adjoining properties by fencing or evergreen plants. A satellite receive-only antenna located within a fence surrounding the yard in which the satellite receive-only antenna is located shall be considered to be screened; and
- M. A Special Exception must be obtained for any satellite receive only antenna which does not comply with the regulations specified hereinabove.

Article 6 Administration

6.48 ENFORCEMENT, VIOLATIONS AND PENALTIES

6.48.1 ADMINISTRATION AND ENFORCEMENT

The provisions of this Ordinance shall be administered and enforced by the Community Development Director or designee.

6.48.2 VIOLATIONS AND PENTALTIES

Any person, firm, corporation or entity that violates or assists in the violation of any of the provisions of this Chapter, or fails to comply with any of the requirements thereof, or who shall build or alter any building or use in violation of any plan or permit submitted and approved hereunder, shall be guilty of a misdemeanor and upon conviction shall be punished as provided in the Code of Ordinances of Hillsboro, Texas.
