Firearms Training – Glock Model 45 9mm Course #2055 3 Hours 10/1/2020

(class is limited to 12 per session)

Location: **Hill College Firing Range, 208 HCR 3108 Hillsboro, Texas 76645**

8:00-11:00, 3 hrs, TCOLE Credits

Instructors: Sergeant Jose Orozco, Sergeant Michael Vicars

This firearms course focuses on assisting an officer in the safe familiarization, function, and operations of the Glock Model 45 9mm handgun. Attending students will need to bring 50 rounds 9mm ammunition and a clean and functioning Glock Model 45, 9mm handgun. The officer must successfully and safely demonstrate assembly, disassembly, clearing, and loading of the weapon before qualifying a TCOLE approved course of fire with a minimum passing score of 70 percent. The goal of this course is to ensure each officer has a clear understanding of the Glock Model 45 9mm, its proper use, and proper application in today's police setting .
