Hillsboro,  
Texas  
Annual Budget  
2013-2014**

*Due to the passage of S.B. No. 656, Section 102.007 of the Texas Local Government Code, was amended to require that the following information be included as the cover page for a budget document:*

This budget will raise more revenue from property taxes than last year's budget by an amount of \$75,667, which is a 2.4708% increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$17,410.

Upon calling for a vote for approval of an ordinance adopting the City of Hillsboro 2013-14 Fiscal Year Budget, the members of the City Council voted as follows:

Self-Supporting	\$ 499,516	\$ 132,231
Total Debt	\$ 13,576,811	\$ 1,135,815

*Note: The total amount of outstanding debt obligations considered self-supporting is currently secured by lease payments and hotel occupancy tax revenues. In the event such amounts are insufficient to pay debt service, the City will be required to assess an ad valorem tax to pay such obligations.*

## City Manager's Message

**Everything Within Reach**

TO: Honorable Mayor and City Council  
FROM: Jack Harper, City Manager  
DATE: September 3, 2013  
SUBJECT: Submission of FY 2014 Proposed Budget

It is my honor to serve the City Council and the citizens of Hillsboro. One of the most important responsibilities of the City Manager is to propose a budget for the upcoming fiscal year that is balanced, meets the needs and expectations of the community, and is appropriate to the economic conditions of the City.

The Proposed FY 2014 Budget reflects the very difficult economic conditions facing Hillsboro. While positive economic signs have occurred, our community continues to feel the effects of the economic slowdown and this budget reflects that by maintaining the tax rate at \$0.81833. The General Fund allocates \$8,388,160, an additional \$1,451,560 (20.93% increase) from FY 2012. The majority of this increase is \$1,007,100 of capital lease proceeds for the addition of public safety and street equipment. Subtracting the proceeds from the overall increase leaves an increase of \$444,460 or 6.41%. This increase funds various step and merit increases for employees, purchase of equipment and maintenance capital, and the startup of two new departments. The Water and Wastewater Fund does not anticipate a rate increase for the fiscal year. The Water and Wastewater Fund budget reflects a deficit of \$1,400,000. This deficit (for wastewater improvements) will be funded from the proceeds collected from a legal settlement received in FY 2013.

### Budget Philosophy

The proposed budget anticipates little economic growth through FY 2014 and beyond. The FY 2014 budget was built on the following set of budget principles:

1. Sustainability – A budget that does not use one-time revenues to meet expenditures and plans for the future.
2. Balanced – Expenditures not to exceed Revenues – General Fund revenues meet expenditures.
3. Maintains Current Tax Rate – The total property tax remains at \$0.81833.
4. Prioritize Programs – Council and staff have prioritized General Fund programs.
5. Fund Priorities – Funding decisions are based on priorities.
6. No Use of Fund Balance – General fund does not use fund balance to meet current expenditures. Water and Wastewater uses the settlement portion as discussed earlier.

### **General Fund**

Proposed expenditures for the FY 2014 assume that the total property tax rate \$.081833 per \$100 is maintained. This is the same rate that was approved in FY 2008, FY2009, FY2010, FY2011, FY2012, and FY2013. The proposed tax rate is less than the \$.834692 effective tax rate for FY 2014. M&O rate increased to \$0.55833 and the debt service rate decreased to \$0.26000.

The proposed budget is balanced, meaning recurring revenues meet or exceed recurring expenditures. Of primary consideration is maintaining comparable levels of service while meeting the City Council's goals for the coming year. The proposed budget achieves these goals by including:

- Planning for future budgets
- Staff reorganization
- Capital purchases

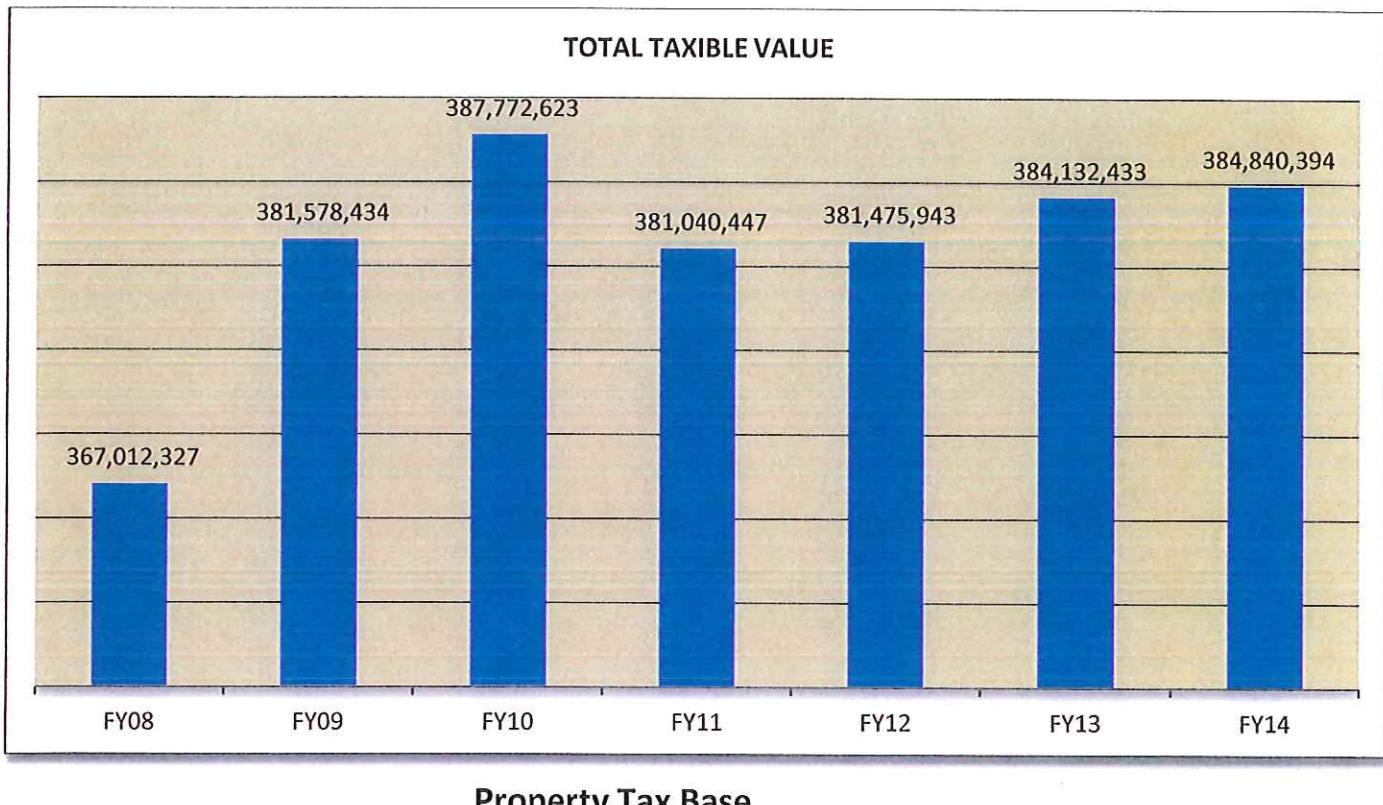

Due to the current economic climate, other than sales tax collections, revenues increased modestly or remain flat but no significant programming cuts were made this fiscal year. As long as the City's economy remains flat, the City can maintain its current level of services with relatively minor adjustments during each annual budget. There were a couple of adjustments made for the FY 2014 Budget and are shown below:

- No increase in Health Care rates.
- Reorganization of the Code Enforcement Department
- Creation of Recreation Department
- There is no planned draw down of fund balance this year.

As stated above, the proposed budget remains stable with an eye to the future. Staff continues to view budget decisions by how the decisions will impact the City's ability to be self-sustaining in the future. This budget continues that process and staff will continue working with that philosophy.

Property tax revenue is budgeted for a \$48,000(2.42%) increase in fiscal year 2014, this increase is due to a slight increase in appraised values and the increase in the M&O portion of the tax rate.

The following chart illustrates the property tax base over the past several years.

The total sales tax rate for the City of Hillsboro is .0825, which is broken down as follows:

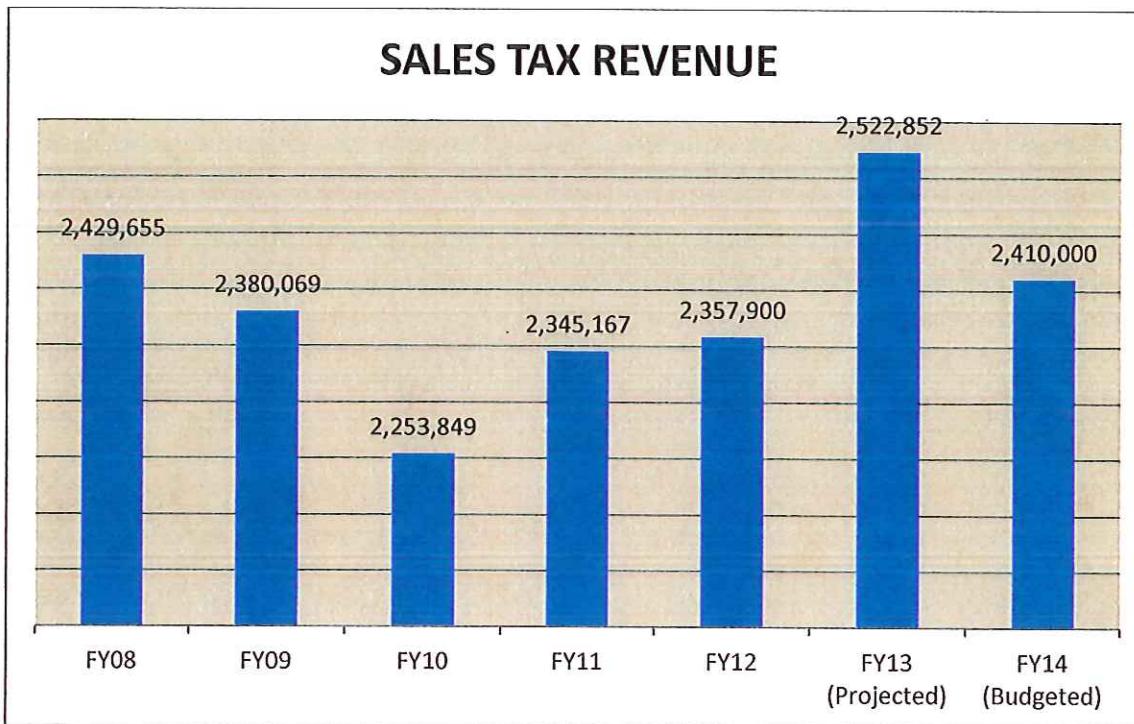

- State Sales Tax .06250
- Hillsboro City Tax .01500
- Hill County Tax .00500

The Hillsboro City Sales tax is broken down as follows:

- Economic/Industrial Development Section 4A .001250
- Property Tax Relief .003750
- Regular Rate .010000

Sales taxes have continued to show modest, but steady growth, and in keeping with our conservative philosophy and concern about the national economy, we are forecasting an increase of in our largest revenue source. Sales tax revenues are projected to increase slightly over FY2013 estimates. The FY 2014 budget estimate of \$2,410,000 is 6% above the original FY 2013 adopted budget of \$2,272,840.

The following chart illustrates the sales tax collections over the past several years.

The financial strength of Hillsboro is directly tied to its economic diversity and the prosperity of its business sectors. It is vital that the community maintain its commitment to developing a proactive approach to economic development. This approach must capitalize on existing market opportunities and strive to grow burgeoning businesses and tap into unrealized market sectors.

#### Water and Wastewater Fund

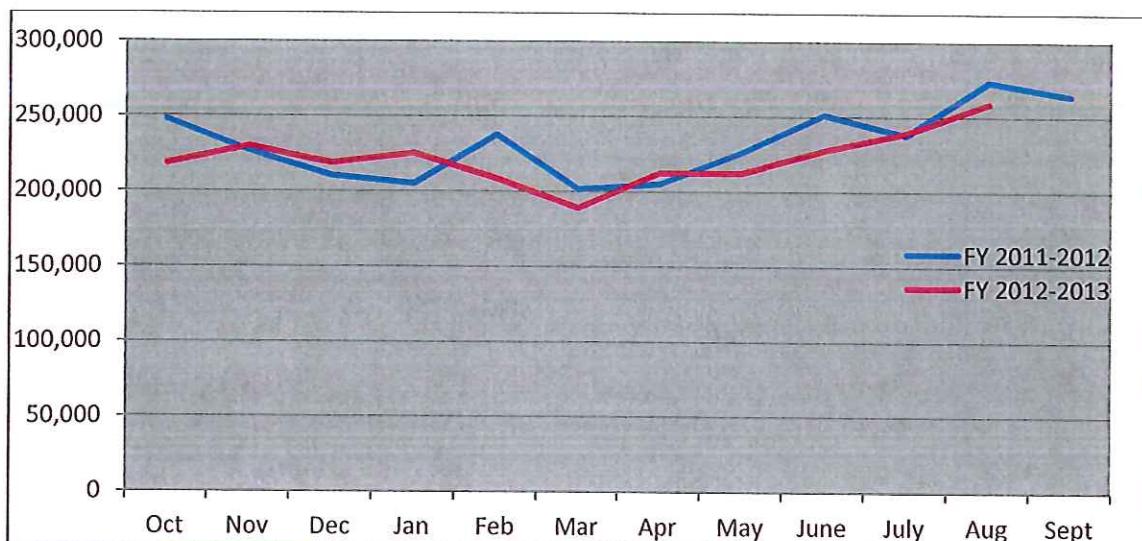

The same economic factors have been used as the basis for the Water and Wastewater Fund budget. This budget proposal strikes a balance that minimizes the impact to the ratepayer while meeting the Fund's financial obligations and building the Fund's cash balance.

Proposed utility operations expenditures require no adjustments to the water or wastewater rates. Several wastewater projects designed to address major system replacement and repair needs and to

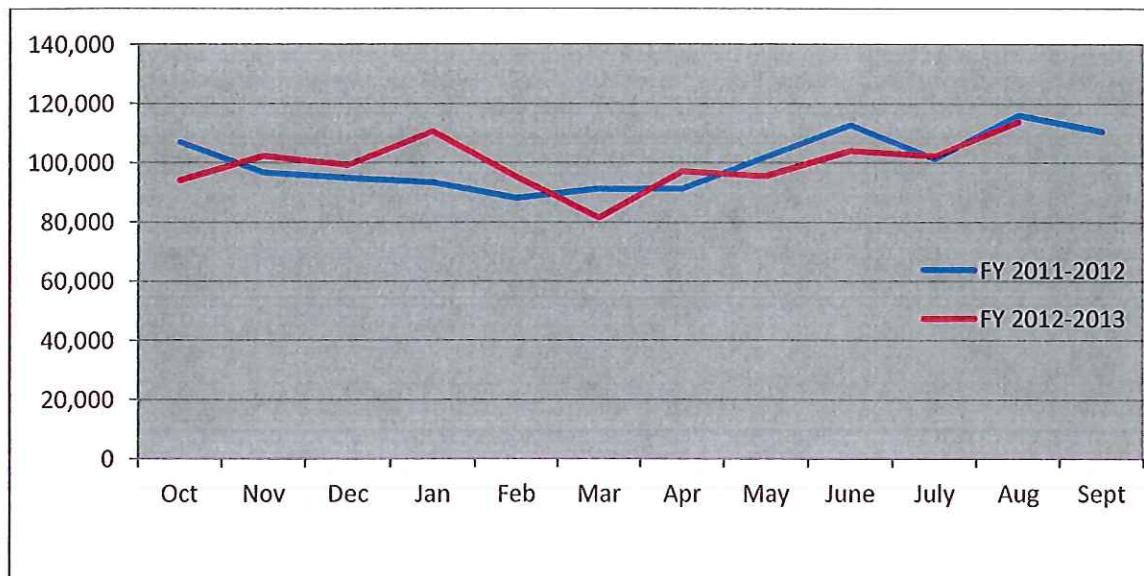

increase system capacity to serve economic growth will occur in FY 2014. These projects will be funded by proceeds from settlements and federal grants awarded to the City. The completion of these projects will address major system deficiencies.

Revenues in the Water and Wastewater Fund are projected to decrease approximately \$50,000 or 1.18% from the FY 2012-2013 Budget. The decrease is based on climatic conditions and no rate increase is needed for the FY 2013-2014 Budget. Future rate increases may be needed to offset the increases in purchased water and the ordinary inflation in electricity, fuel, chemicals and repairs to infrastructure that will age over time.

#### BILLED WATER SALES

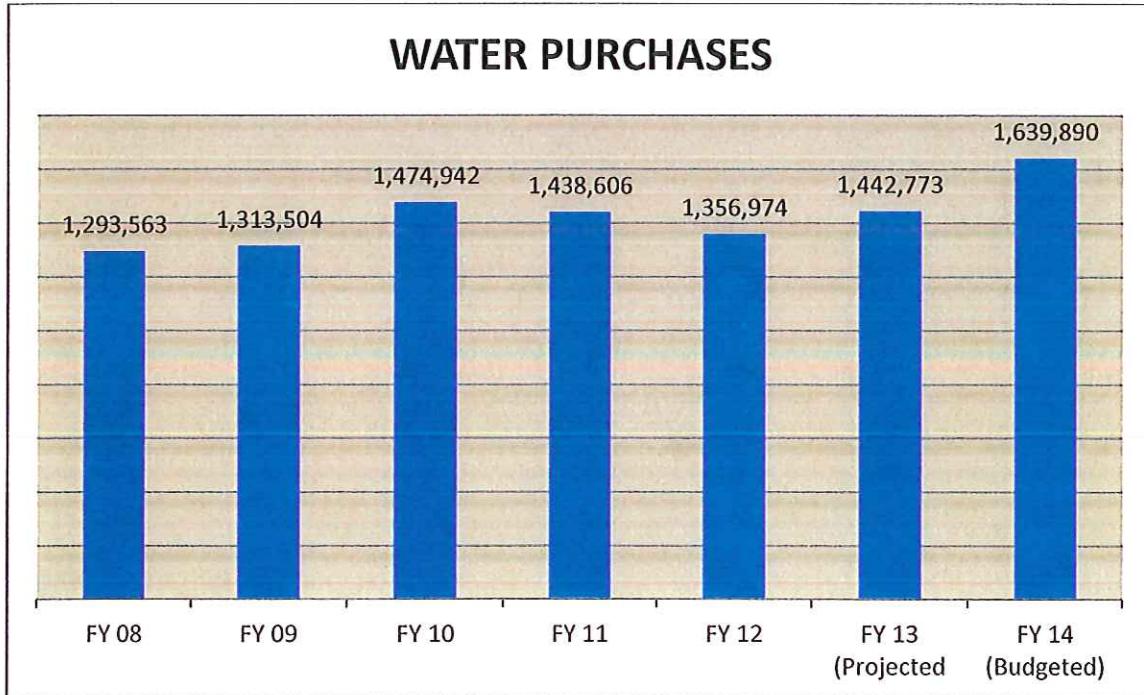

### BILLED SEWER SALES

Water and Wastewater expenditures are expected to increase by \$1,354,000 or 27.66%. The majority of this increase is the planned wastewater improvements of \$1,400,000. Additionally wastewater improvements of \$725,000 will be funded by the EPA State Tribunal Assistance Grant. Capital equipment purchases include two (2) dump trucks and utility billing server.

Water purchases for the year remain stable. The following chart illustrates water purchases over the past several years.

### WATER PURCHASES

### **AIRPORT FUND**

The Airport Fund reflects a slight increase in hanger rentals. This increase is anticipated with the completion of a new hangar project approved and funded with Federal grants. An increase in jet fuel of \$35,000 is projected based on costs.

### **HOTEL/MOTEL FUND**

A slight decrease is projected for Hotel/Motel collections in FY 2014 based on historic collections. With this slight decrease, support to organizations was able to remain unchanged.

### **DEBT SERVICE FUND**

The interest and sinking portion of the ad valorem tax rate has been set at \$0.26000 per \$100 valuation. This rate will be sufficient to support the debt service requirements for FY 2014.

### **Conclusion**

The FY 2014 Proposed Budget reflects the City's efforts to meet desired levels of services and limiting expenditures in the face of the current economic climate while preparing for future economic challenges. The current proposed budget does not have an increase in property taxes or water/wastewater rates.

Budgeted expenditures for each department have been based upon an evaluation of the departments' programs and priorities. Understanding the core function of every City operation was instrumental in determining how the major spending cuts could be achieved without sacrificing the basic services required to deliver the services that the community needs and expects.

I would like to thank all of the staff that has worked on this document. I look forward to working with the City Council to finalize this budget and set in motion an operational and financial plan to guide us through FY 2013-14 and beyond.

Sincerely,

Jack Harper

City Manager

## **THE CITY ORGANIZATION**

The City of Hillsboro is a home rule City which operates under a Council-Manager form of government. All powers of the City shall be vested in the elective Council which enacts local legislation, adopts budgets, determines policies and employs the City Manager. The City Council consists of a Mayor and six council members with the appointment of a Mayor Pro Tem. The City Manager shall execute the laws and administer the government of the City.

The City government provides a broad range of goods and services to its citizens. The activities and personnel required to provide these goods and services are organized into broad managerial areas called Funds. Funds are separate fiscal and accounting entities with their own resources and budgets necessary to carry on specific activities and attain certain objectives.

Funds are further organized into functional groups called Departments. A Department is a group of related activities aimed at accomplishing a major City service or program (e.g. Police Department). A Department may be divided into smaller areas called Divisions. Divisions perform specific functions within the Department (e.g. Animal Control is a Division of the Police Department).

At the head of each Department is a Director who is an officer of the City. Directors have supervision and control of a Department and the Division within it, but are subject to supervision and control of the City Manager. A Department head may supervise more than one Department.

## **THE BUDGET PROCESS**

The City Charter establishes the fiscal year, which begins the first day of October and ends on the last day of September each calendar year. Such fiscal year shall constitute the budget and accounting year. In order to have an adopted budget in place by the first day in October, the budget process must begin months before. Department Heads receive budget documents from the Finance Department. These documents contain information about the Department including historical expenditure amounts, current expenditure and budget amounts.

After receiving the budget request from the Departments, the City Manager, Assistant City Manager and Finance Director conduct a series of meetings with the individual Department Heads to review and discuss their budget requests. These meetings assist the City Manager to formulate his priorities.

The budget calendar that follows outlines the adoption process.
